20TH YEAR. NO. 43.

EAST LIVERPOOL, O., FRIDAY, FEBRUARY 20, 1903.

TWO CENTS.

NOBODY IS ABLE TO PREDICT WITH A DEGREE OF CERTAINTY WHO WILL BE THE LUCKY MAN

The Mayoralty Fight So Close and Interesting As to Keep Everybody in the City Guessing.

The field work of the many candidates for places on the Republican municipal ticket will end tonight and there will be a few hours of calm before the storm of ballots begins on the morrow. The flurry and excitement that usually marks the close of a spirited political contest did not develop, although things were lively enough around the public places last night and will be more so tonight. For several days the candidates have been "back tracking"; that is, interviewing again the voters whom they saw early in the campaign.

The contest has been remarkable in many ways and will go down in local political history as one of the quietest ever known when the large number of aspirants and their thorough canvasses are taken into consideration. It is remarkable, too, for the uncertainty of the result. Usually at this stage of a contest there are men who can feel the pulse of the people and make a pretty accurate prediction as to who the winners will be, but in this case the best posted men in the city are nonplussed.

To the great mass of the voters the interest is centered entirely on the mayoralty fight, and the friends of

SCORE OF PERSONS BURNED TO DEATH

PROPOSE TO BUY OUT AN ALASKAN CLAIM

Gold Mining Company Organized at
Lisbon Thinks It Has Riches
In Sight.

Concerning the Ophir Creek Gold Mining company of Lisbon, which has been incorporated with a capital stock of \$500,000, it is stated that the incorporators are J. S. McNutt, George B. Harvey, C. E. Hamilton, U. V. Gaskill, W. H. Hopburn and Lodge Riddle.

This company is organized to raise

stocks to buy a gold claim at Nome,

Alaska, on which U. V. Gaskill, who

was up there last summer, has an option.

The claim Mr. Gaskill says is a

fine one and he has on exhibit several

fine specimens which he brought from

there. The incorporators think that

they will have no trouble in raising the

money to buy the claim which they

are assured is a good one.

SETTLEMENT EFFECTED WITH THE JIGGERMAN

Men Get an Increase on Embossed Work And All Return to Work.

A settlement of the dispute between the jiggerman and the manufacturers over the prices for embossed work was effected last night by an arbitration board which met for the purpose in the rooms of the Potters' club. The men get an increase of one-fourth cent per dozen on plates of all sizes and an increase of one-eighth cent on saucers and fruits.

The men were called out pending the settlement of the dispute returned to work this morning.

The following gentlemen composed the board at the meeting last evening: Manufacturers—George Murphy, Joshua Poole, J. R. Warner. Operators—George Smith, E. N. Croxall and Charles Och.

Change in Ownership.

A change in the ownership of the Imperial alleys has taken place by which C. B. Craig became the sole owner, he purchasing the share of his partner, C. C. Carnahan. The alleys will continue to be known as the "Imperial," and Mr. Craig will as heretofore devote his personal attention to the business.

Suffering From Blood Poison.

Lisbon, February 20.—(Special)—Dr. H. C. Gooding, of Leetonia, is literally filled with blood-poisoning and his recovery is almost despaired of. He contracted the disease while making a post mortem examination, the trouble starting in one of his thumbs where the skin had been slightly broken. Dr. Martin, of Lisbon, has been called to see him twice.

VETERAN TEAMSTER BADLY SCARED

HORSES RAN AWAY ON STEEP
HILL ON LISBON ROAD.

Only Collision With a Tree Averted a Calamity—Schaefer's Thrilling Ride.

Becoming frightened at an unusual sound issuing from the side of the hill, a team of horses driven by Clyde Schaefer, of Third street, ran away on Lisbon road last evening, and besides wrecking the wagon to which they were attached, came dangerously near causing the death of their driver and themselves.

Schaefer came to this city about three weeks ago from Meigs county. He has followed the life of a teamster for many years. He stated this morning that during his entire experience he was never so badly scared. He had driven the horses to the summit of the hill and was descending when the exciting incident occurred. The animals, though not fractious, were thrown into a state of terror when a limb, rotted by exposure, fell to the ground. Like a flash the horses started down the rather steep incline.

Schaefer soon realized that his life was in peril. For more than two blocks the frightened steeds dashed

Colliding with a big tree on the side of the road near the brink overhangs Jethro hollow was all that saved

Schaefer and his horses horrible injury. The forepart of the wagon was

smashed into many pieces. By jumping

the driver escaped being struck by the heavy tongue, which snapped like a frail piece of pine. The horses were thrown into a trench, and much difficulty was confronted in freeing them. However, the task was finally effected and a passing teamster agreeing to help the unfortunate driver, the wreckage was removed to the city.

When the full realization of what

might have been his fate had the horses not been stopped at the critical

time dawned upon Schaefer, he could

only credit the marvelous escape to the

interference of Providence.

CHAUTAUQUA CIRCLE

Has Arranged an Attractive Literary Program for This Evening's Meeting.

The ladies of the Chautauqua Circle, who are making a study of literature and literary works, are looking forward to an especially profitable meeting this evening, as the topics for discussion are on subjects requiring careful and earnest research and study.

The first of the evening will be spent in the regular parliamentary drill, after which Mrs. George Grosshans will conduct a class on the first four chapters of Russian literature. Following this "The Saxon and the Slave," will be reviewed by Mrs. T. O. Timmons.

Mrs. C. T. Hard, who has given the subject of "Corresponding and Reporting for Newspaper" much investigation, will read an interesting paper on this subject. Miss Agnes Jones has promised to favor the organization with several solos. The meeting will be held at the home of Mrs. W. A. Hobbs, Fifth street.

MORE SCARLET FEVER

Two Others of the Family of Rev. J. W. Gorrell Taken Ill.

In spite of the fact that every precaution was taken by the physician and the nurses to prevent other members of the household of Rev. J. W. Gorrell from taking scarlet fever, from which his 16-year-old daughter Mary has been suffering, two more of his children have contracted the disease.

They are Lucile, aged 11, and Helen, aged 1 months.

Mrs. Gorrell is also quite ill with catarrhal fever. Rev. Mr. Gorrell is placed in a most trying position, as the strictures of the quarantine prevent him visiting his home.

Provisionally the illness of none of his loved ones is of a nature to cause great alarm. Reports from the house this morning were that all are improving.

Could Not Identify.

Three men called at the Miller undertaking establishment a few nights ago and made inquiries concerning the appearance of the man found dead on the railroad track about two weeks ago. The men made every effort to keep their presence in the city a secret and refused to give their names. It is thought that a brother of one of them is missing. The railroad victim, however, did not answer the description.

THE ISSUE STILL HANGING FIRE

Trenton Potters, Weary of Being Docked For Dunted Ware.

Talk of Striking.

A MEETING NEXT TUESDAY

At Which the Pressers Will Probably Take Some Definite Action—Trenton Potters Company Does Away With the Grievance.

From a Staff Correspondent.

Trenton, N. J., Feb. 20.—If the arbitration committee does not soon get together and fix the responsibility for "dunted" ware in the sanitary potters, which has been hanging fire for several weeks, the Keystone pottery will have to suspend operations.

The Keystone employees have served notice on the owners that they do not propose to stand for "dunts" any longer, unless they are given some guarantee for their work.

It is expected that this matter will be thoroughly sifted at a meeting of the Sanitary Pressers' Local No. 45 next Tuesday night. Some of the more radical members whose losses have been heaviest are for declaring a strike, independent of the local.

Every day quantities of defective ware are sent to the slip house at the men's expense and according to one of the employees yesterday, at the end of this week there will not be a man in the plant who will receive more than \$10 for this week's work.

Excessive heat is the reason assigned by the men for the "dunts" in the ware which the owners claim they are powerless to remedy.

In the other potters, especially those controlled by the Trenton Pottery company, where similar conditions existed, no further complaints are heard. As soon as the matter was brought to the attention of the manufacturers, word was sent, ordering that great care be taken in preserving the ware, with the result that no further "dunts" occurred.

The dunted ware question has reached such a height that changes are contemplated in the management of the Keystone pottery, in hope of providing a remedy.

According to rumor Manager John D'Arcy, who, it is claimed, has never had any experience in conducting a pottery before coming to the Keystone, is to be replaced by Patrick Mohan, late manager of the Standard Pottery company of Elizabeth. Mohan resigned his position a few weeks ago because of some objection to his management and his place at the plant has been taken by Owen Headley, a former resident of this city.

The chances for an early settlement of the "dunted" ware problem is not very bright. The committee from the local is ready at any time to present grievances but the three members of the committee representing the manufacturers are out of the city. John A. Campbell, general manager of the Trenton Potters company, is away on a business trip, and John and Archibald Maddock are in the west in the interests of their respective concerns.

SCORE OF PERSONS BURNED TO DEATH

And a Large Number Badly Injured in a Hotel Fire in Iowa.

WILD LEAPS FROM BUILDING

Made By Many People Who Were Dashed to Death in the Street. Others Fall Back Into Seething Flame—Scene of Horror.

Cedar Rapids, Ia., February 20.—(Special)—As the result of an awful fire, which completely destroyed the Clifton house at an early hour this morning, a score of people were burned to death and more than 30 were terribly injured.

The blaze originated about 2 a. m. in the basement of the hotel, presumably from electric wires, and spread with such rapidity that dozens were forced to leap from the third story. Few of those who made the daring leap escaped horrible death by being mangled on the stone pavement.

There were 120 guests in the building when the fire broke out and pandemonium reigned. Women screamed, tore their hair and men bravely attempted escape in various ways. The night was made hideous by the appeals for assistance. Never in the history of the city was such a scene presented. Among those who suffered death were a number in the second and third stories, who ran to the windows and while in plain view of the hundreds below turned and fell backward into the burning debris. The anxious spectators moaned as they witnessed the awful sight.

The following gentlemen composed the board at the meeting last evening: Manufacturers—George Murphy, Joshua Poole, J. R. Warner. Operators—George Smith, E. N. Croxall and Charles Och.

Change in Ownership.

A change in the ownership of the Imperial alleys has taken place by which C. B. Craig became the sole owner, he purchasing the share of his partner, C. C. Carnahan. The alleys will continue to be known as the "Imperial," and Mr. Craig will as heretofore devote his personal attention to the business.

Suffering From Blood Poison.

Lisbon, February 20.—(Special)—Dr. H. C. Gooding, of Leetonia, is literally filled with blood poisoning and his recovery is almost despaired of. He contracted the disease while making a post mortem examination, the trouble starting in one of his thumbs where the skin had been slightly broken. Dr. Martin, of Lisbon, has been called to see him twice.

VETERAN TEAMSTER BADLY SCARED

Campbell, general manager of the Trenton Potters company, is away on a business trip, and John and Archibald Maddock are in the west in the interests of their respective concerns.

In spite of this delay the pressers from the Keystone say something must be done and some definite action is expected next Tuesday night.

For the first time in its history the Ceramic Art company is being represented on the road this winter by a traveling salesman. George W. Milligan has begun to call on the trade from Chicago to the coast and William Bush is shortly to tour New England.

A Coming Wedding.

Mr. and Mrs. S. T. Allison, 257 Lincoln avenue, have announced the forthcoming wedding of their daughter, Miss Maude Ethel, to Mr. Paul P. Patterson. The wedding will be solemnized at their home at 4 o'clock of the afternoon of Wednesday, March 4.

The bride is a talented and charming young lady. The groom is a prominent young business man, and now holds a responsible position with the Patterson jewelry establishment.

Licensed to Marry.

Lisbon, February 20.—(Special)—

Marriage licenses have been granted to Andrew Dunlap, of Empire, and

Miss Anna Peterson, of Wellsville.

Dallas Keller, Lisbon, and Miss Charity

Hoke, Leetonia; Edward Klotz and

Miss Kittie Dunsiger, both of Columbian.

REVIVAL SERVICES FULL OF INTEREST

SPECIAL MEETINGS ARE ATTRACTING GREAT ATTENTION.

Rev. Leslie Hawk at the U. P., the M. E. and Christian Church Revivals.

The evangelistic services at the First U. P. church are progressing in such a way as to greatly encourage the congregation. Last evening Rev. Leslie Hawk sought to lead his hearers directly to the vision of Calvary. His subject was "The Cross of Christ." He said:

"Jesus had glorified the cross so that from being the symbol of shame and pain and death it now becomes the symbol of life, light and liberty. The cross is the central figure of history; the central idea of the bible, the center pole of civilization, the attraction of the world, the expression of God's love for sinners; the good of the man of Galilee; our hope for time and eternity."

The subject for his sermon tonight is "The Golden God." Special music has been arranged for this evening and all our cordially invited. Tomorrow at 2 p. m. the evangelist will conduct a bible study on "The Outline of the Life of Christ" and hold a meeting for prayer and conference. Rev. Dr. McQuiston, of the East End, and his friend, Rev. Mr. McCracken, of Monmouth, Ill., took part in the services last night.

The interest in the revival at the First Methodist church continues unabated. Last night was given over principally to a song and praise service, conducted by Rev. J. A. Jennings, the assistant pastor, in the absence of Rev. Dr. Pratt. The latter returned today from Tiffin and will be present at the service tonight.

The meetings at the First Christian church have been reaping a rich harvest of souls and untold good has resulted to the members of the congregation.

Rev. Mr. Gorrell preached last evening and Prof. Davis conducted the music. The latter's stop in the city will terminate early next week and he will leave for Portland, Oregon, to join Rev. Allen Wilson, a noted evangelist.

The revival services at the Christian church will be especially interesting tonight. Rev. Mr. Gorrell will preach one of his best sermons and Prof. Davis will sing "I Heard the Voice of Jesus Say," by Rathbun, and the "Lost Ship." The services begin at 7:30 p. m.

HANNA WILL COME TO THE CENTENNIAL

The Senator Has No intention of Missing the Lieben Celebration.

Lisbon, February 20.—(Special)—Senator Hanna has signified his intention of being present at the centennial celebration to be held here next June. When Congressman Taylor extended him the invitation he replied: "Of course I will be there, and it will be a pleasure to celebrate such an occasion in my old home town."

The chances for an early settlement of the "dunted" ware problem is not very bright. The committee from the local is ready at any time to present grievances but the three members of the committee representing the manufacturers are out of the city. John A. Campbell, general manager of the Trenton Potters company, is away on a business trip, and John and Archibald Maddock are in the west in the interests of their respective concerns.

In spite of this delay the pressers from the Keystone say something must be done and some definite action is expected next Tuesday night.

For the first time in its history the Ceramic Art company is being represented on the road this winter by a traveling salesman. George W. Milligan has begun to call on the trade from Chicago to the coast and William Bush is shortly to tour New England.

A SMALL BLAZE

In a Hotel Room, Discovered in Time to Prevent Serious Damage.

There was a small blaze in one of the rooms of the Thompson house last night which was only prevented from assuming disastrous proportions by its timely discovery. The occupant of the room had gone out, leaving the gas stove burning. There was a break in the pipe and the blaze ignited the carpet.

Returning in a few moments he found the room filled with smoke and the carpet burning briskly. Water from a pitcher sufficed to extinguish the flames.

A RING IN HER EAR

Child's Peculiar Mishap While at Play Causes Serious Injury.

Lizzie, the five year old daughter of Mr. and Mrs. William Earp, of the Northside, met with a painful and very peculiar mishap last evening. The opal setting of a ring which she was holding in her hand dropped into the cavity of the ear.

The efforts of the members of the family to extract only served to send it deeper and Dr. Trimmer who was called found it necessary to administer an anesthetic while removing the setting. It is thought that the ear drum is ruined.

VICTIMS OF DRINK AND COLD CAME VERY NEAR PERISHING FROM EXPOSURE IN STORM

Cases in Which Police Aid Saved Helpless and Stupefied Men From Freezing to Death.

Fletcher the officers were called to the frozen to death, his eyes set and with a glaring glassy look, Charles Fletcher, a resident of only a few weeks in the city, was found at the foot of Washington street yesterday afternoon by Officers Woods and Ruhe, who immediately had him conveyed to a warm cell at the city jail.

Fletcher had been drinking heavily for more than a week, with the result that yesterday morning he began to show signs of delirium tremens. His money all gone he was refused protection from the cold in several saloons during the day, and that he was rescued from death was due to one saloonist telephoning the police that a drunken man was raising a commotion in his place. The officers immediately went to take him in charge, but he had been ejected and only by mere chance was he discovered.

Both men were given a hearing this morning on a charge of drunkenness, and failing to pay a fine of \$5.00, each was committed to jail to rest it out.

Another case very similar which occurred Wednesday night was reported this morning. An aged man of Dennis, O., who has relatives in the city, arrived Monday to make them a visit and while out taking in the sights took several drinks too many, and being a stranger was soon muddled as to where he was wandering. After several hours trying to locate himself he became tired of roaming and lay down on the steps of a Mr. Sherwood on Ambrose avenue. Mrs. Sherwood, happening to go to the front door, was terrified at seeing the form of a man prostrate in the front of her home and quickly gave the alarm. Officers were summoned and he was taken, more dead than alive, to his relatives.

Not long after their experience with Graham was held for pointing fire arms.

Young Man Arrested While Defending a Girl Held for Court.

At the conclusion of the preliminary hearing on William Graham, charged with pointing fire arms at James Godwin on last Monday night, Squire McCarron last evening bound the defendant over to common pleas court in the sum of \$100. The amount was furnished and he was released.

Testimony rendered at the hearing substantiated in every detail the story of the affair as published by the News Review. Graham and a young daughter of John Godwin were walking up Fifth street at about 11 o'clock in the evening when the father of the girl protested against her being out at that hour and wanted her to go home with him. When in a heated argument James Godwin, a brother of the girl, appeared on the scene and was going to take her home by force, Graham stepped forth and defied him, bringing into play a revolver.

Graham did not deny pointing the weapon and the "squire" before giving a decision told him that the law-abiding citizens could hardly be censured for carrying revolvers owing to the numerous holdups of the

20TH YEAR. NO. 43.

EAST LIVERPOOL, O., FRIDAY, FEBRUARY 20, 1903.

TWO CENTS.

NOBODY IS ABLE TO PREDICT WITH A DEGREE OF CERTAINTY WHO WILL BE THE LUCKY MAN

The Mayoralty Fight So Close and Interesting
As to Keep Everybody in the
City Guessing.

The field work of the many candidates for places on the Republican municipal ticket will end tonight and there will be a few hours of calm before the storm of ballots begins on the morrow. The flurry and excitement that usually marks the close of a spirited political contest did not develop, although things were lively enough around the public places last night and will be more so tonight. For several days the candidates have been "back tracking;" that is, interviewing again the voters whom they saw early in the campaign.

The contest has been remarkable in many ways and will go down in local political history as one of the quietest ever known when the large number of aspirants and their thorough canvasses are taken into consideration. It is remarkable, too, for the uncertainty of the result. Usually at this stage of a contest there are men who can feel the pulse of the people and make a pretty accurate prediction as to who the winners will be, but in this case the best posted men in the city are nonplussed.

To the great mass of the voters the interest is centered entirely on the mayoralty fight, and the friends of

the four candidates are all confident of success. The candidates have found the political road rough and rocky and they will be glad, whatever the result when Sunday morning comes. It can be truthfully said of them that they have campaigned as true gentlemen should and the result is seen in the friendly spirit that exists among them. They have kept above personalities and not a single instance is known where a candidate attempted to influence a voter by revealing the character of another.

There is nothing tangible by which anything like a safe prediction can be made. From the statements of their leaders there are seemingly good reasons for claiming the victory, but "the best laid plans of mice and men gang aft agley."

The contest is sufficiently spirited to warrant a full vote and the candidates have arranged for carriages for the halt and lame. If the snow holds

sleighs will be used. Precautions will be taken by the candidates and the central committee to prevent illegal voting and repeating.

No predictions as to councilmanic tickets or the probable winners in the other races can be made with any degree of certainty.

SCORE OF PERSONS BURNED TO DEATH

PROPOSE TO BUY OUT AN ALASKAN CLAIM

Gold Mining Company Organized at Lisbon Thinks It Has Riches In Sight.

Concerning the Ophir Creek Gold Mining company of Lisbon, which has been incorporated with a capital stock of \$500,000, it is stated that the incorporators are J. S. McNutt, George B. Harvey, C. E. Hamilton, U. V. Gaskill, W. H. Hopburn and Lodge Riddle.

This company is organized to raise stocks to buy a gold claim at Nome, Alaska, on which U. V. Gaskill, who was up there last summer, has an option. The claim Mr. Gaskill says is a fine one and he has on exhibit several fine specimens which he brought from there. The incorporators think that they will have no trouble in raising the money to buy the claim which they are assured is a good one.

SETTLEMENT EFFECTED WITH THE JIGGERMAN

Men Get an Increase on Embossed Work And All Return to Work.

A settlement of the dispute between the jiggers and the manufacturers over the prices for embossed work was effected last night by an arbitration board which met for the purpose in the rooms of the Potters' club. The men get an increase of one-fourth cent per dozen on plates of all sizes and an increase of one-eighth cent on saucers and fruits.

The men who were called out pending the settlement of the dispute returned to work this morning.

The following gentlemen composed the board at the meeting last evening: Mapuau Poole—George Murphy, Joshua Poole, J. R. Warner, Operators—George Smith, E. N. Croxall and Charles Och.

Change in Ownership.

A change in the ownership of the Imperial alleys has taken place by which C. B. Craig became the sole owner, he purchasing the share of his partner, C. C. Carnahan. The alleys are supposed to have been of the state Y. M. C. A. delegates and the local Knights of Pythias, who had been holding a meeting in the hotel parlors.

HIS Happiest Day

The Pope Completes the Functions of the Jubilee Without Fatigue.

Rome, Feb. 20.—(Special)—Pope Leo completed the functions of his jubilee without fatigue, remarking: "Really, it was the happiest day of my life."

VETERAN TEAMSTER BADLY SCARED

HORSES RAN AWAY ON STEEP
HILL ON LISBON ROAD.

Only Collision With a Tree Averted a Calamity—Schaefer's Thrilling Ride.

Becoming frightened at an unusual sound issuing from the side of the hill, a team of horses driven by Clyde Schaefer, of Third street, ran away on Lisbon road last evening, and besides wrecking the wagon to which they were attached, came dangerously near causing the death of their driver and themselves.

Schaefer came to this city about three weeks ago from Meigs county. He has followed the life of teamster for many years. He stated this morning that during his entire experience he was never so badly scared. He had driven the horses to the summit of the hill and was descending when the exciting incident occurred. The animals, though not fractious, were thrown into a state of terror when a limb, rotted by exposure, fell to the ground. Like a flash the horses started down the rather steep incline. Schaefer soon realized that his life was in peril. For more than two blocks the frightened steeds dashed, colliding with a big tree on the side of the road near the brink overhanging Jethro hollow was all that saved Schaefer and his horses horrible injury. The forepart of the wagon was smashed into many pieces. By jumping the driver escaped being struck by the heavy tongue, which snapped like a frail piece of pine. The horses were thrown into a trench, and much difficulty was confronted in freeing them. However, the task was finally effected and a passing teamster agreeing to help the unfortunate driver, the wreckage was removed to the city.

When the full realization of what might have been his fate had the horses not been stopped at the critical time dawned upon Schaefer, he could only credit the marvelous escape to the interference of Providence.

Concerning the Ophir Creek Gold Mining company of Lisbon, which has been incorporated with a capital stock of \$500,000, it is stated that the incorporators are J. S. McNutt, George B. Harvey, C. E. Hamilton, U. V. Gaskill, W. H. Hopburn and Lodge Riddle.

**WITH THE WORKMEN
IN THE CLAY PLANTS**

MR. YOUNG RESIGNS.

S. L. Young, who has been the manager of the decorating department at the Thompson for a year or more, has resigned his position and J. L. Dudley, manager of the West End decorating department, has been selected as his successor. Mr. Dudley has assumed his new duties and Mr. Young is staying at the plant a few days to show him the ropes. Mr. Young has several offers under advisement, but at this time he can give out nothing as to his future. During his regime at the Thompson he has been very popular with the operatives, who will regret to lose him. He has also enjoyed the fullest confidence and esteem of his firm. Mr. Dudley is rated as one of the best managers in the city, and will be a worthy successor to Mr. Young. His place has not yet been filled at the West End.

THE PRINTING MACHINE.

"This printing machine you hear so much about is not a great invention," said the manager of a decorating room to a News Review reporter yesterday. "There is nothing new about it and it is nothing more than an adaption from an old English calico printing machine invented a century ago. It is extremely bunglesome and not nearly complete. It has been a success after a manner and the printing machine has come to stay, but not the present one. You will notice that prints for high grade work are made by hand, and they will be until such a time as the machine is improved and perfected. Local people are now working out a printing machine with the idea of eradicating its bunglesomeness and imperfections."

NO DECISION YET.

Nothing has been heard as yet by the local business men from the Gallipolis board of trade as to the pottery project for that city. Their representative, C. J. McCormick, who visited this city, made a very favorable report and definite action is expected within the next two weeks. There are several other towns that since the project has been given publicity have asked to be considered, but the promoters will not treat with them until a decision is reached at Gallipolis. The Gallipolis colony here is very anxious to see the city get the plant, as it would give them the opportunity

of returning to their homes to spend the remainder of their days.

PECULIAR APPEARANCE.

The William Brunt pottery presents a very peculiar appearance where the south wall of the building, which was damaged in the recent fire, has been torn away. A temporary wall of boards has been erected to serve as a protection from the elements until the new wall can be constructed. The brick for the new wall is being received at the plant, but all work on its erection has been suspended during the extreme cold weather. The temporary wall did not keep out all the cold and it was necessary to place several additional stoves in the decorating room.

DECORATORS' DANCE TONIGHT.

The dance to be given this evening by Decorators' Local No. 19, promises to be thoroughly enjoyable and there will be a large attendance. The festivities will last from 8 until 12 o'clock and special cars have been arranged for at the latter hour. There will be a prize waltz and Master Harold Parry will introduce several clog dances.

BUSY AT LISBON.

A. G. Mason, of the Thomas China company, Lisbon, was a business visitor to this city several days this week returning to his home last evening. He reports that his plant is enjoying an excellent run of business and have enough orders to insure operation for several months. They are making seven glost kilns a day.

MISS CONNORS HURT.

Miss Mary Connors, of the decorating department at the Thompson, met with a very painful injury while leaving the plant at the noon hour yesterday. In some way she fell and fainted from the pain from her injuries. She revived sufficiently to reach her home in Chester.

BROWNE IS ILL.

W. C. Browne, the well known pottery salesman, is ill at his home on Third street. He was obliged to abandon a regular trip, being seized with a severe attack of rheumatism while at Detroit. After spending some time at Mt. Clemens without benefit he returned home yesterday.

COAL THIEVES.

Arthur Beech, one of the dippers at the William Brunt, who lives on Greasley street, has been the victim of coal thieves the past few nights, they succeeding in getting away with about 10 bushels of the precious fuel. He has a clue to their identity.

ANOTHER KILN.

The outside work on the new kiln at the West End is completed, but the cold weather has been a great detriment to the work on the other improvements. The work will be resumed as soon as the weather conditions are more favorable.

PRESIO
(better than flour)
IS A SURE RESOURCE.

HANCOCK BAR.

EAST END.

Fine line of Wines, Whiskies, Beer and Cigars in the city.

WM. HANCOCK, Proprietor,
Mulberry St., EAST END.

Local people are now working out a printing machine with the idea of eradicating its bunglesomeness and imperfections."

NO DECISION YET.

Nothing has been heard as yet by the local business men from the Gallipolis board of trade as to the pottery project for that city. Their representative, C. J. McCormick, who visited this city, made a very favorable report and definite action is expected within the next two weeks. There are several other towns that since the project has been given publicity have asked to be considered, but the promoters will not treat with them until a decision is reached at Gallipolis. The Gallipolis colony here is very anxious to see the city get the plant, as it would give them the opportunity

EAST END**NOTHING BUT POLITICS**

The Sole Topic in the East End—Many Bets Are Being Registered.

Nothing can be heard in the East End at the present time except politics. The weather is so cold that but few people venture out, but those who do seek a warm office or business room and discuss the outcome of the primary to be held tomorrow. Bets are being made every day on the probable outcome, and it is easily true that more money has been placed on the result of the primary than has been wagered before in this city for years. A number of supporters of O. D. Nice visited the East End last night and appeared very confident of the nomination of their candidate. They wanted to make bets that Nice would beat Marshall and placed a few small bets. Their money was quickly covered, and it was said this morning that they can get a thousand the same way if they care to put up the money. It seems that but few bets are being offered which are not being taken, no matter what the proposition is.

That the vote polled tomorrow will be large is very evident. More interest is being manifested than in a regular state election apparently, and every candidate will have his representatives at the polling places. Carriages will be used to bring the old and infirm voters to the polls, and no stone will be left unturned to bring out a full vote. A few bets were offered yesterday that Thompson would secure more than 150 votes in the First ward. Today there are plenty of persons trying to find the parties who made the statement. It is safe to say that \$2,000 will change hands in the East End alone on the result of the primary.

The central committee today is getting the booths in good condition, and those in the East End were repaired. In the First ward there will be two polling places. The ward consists of all the territory lying east of Ralston's crossing. The first precinct consists of the territory lying between Ralston's crossing and Martin street. Voting place, fire station. The second precinct, all of the territory east of Martin street, with the voting place at the Neville institute building.

Not Running Full.

The many potters in the East End are not running full. In the month of February it is always expected that business will be dull and this month is no exception to the rule. The potters are still running in nearly every department, but only with a part of the regular force. It is expected that by the first of the coming month business will pick up a little and the plants will again assume the air of hustling activity.

Special Services Sunday.

Sunday will be the last night that Rev. Van Fossen, of Allegheny, and Prof. Morton, of Pittsburgh, will be at the Second Presbyterian church. The meetings have been greatly hindered by the cold weather, but nevertheless the interest and attendance has been good. Last night an excellent sermon was preached and another interesting service is promised tonight.

Camping Club Met.

The Oriental Camping club held a meeting last night at Hopkins' club room and considered a few applications for membership. They have already made all arrangements for their outing this summer and will soon complete all details. The membership of the club is limited to 30, and they now have almost that many members.

EAST END AFFAIRS.

John M. Cole, of Canton, was a business visitor in the East End yesterday.

WHEN YOU BUY

A FLESH FORMING FOOD

When you buy a package of Mi-o-na the great flesh forming food and dyspepsia cure, weigh yourself and see how much you gain in the first week's use.

Druggist Will Reed will tell you of many of his customers who a month or so ago were thin, pale, haggard, and dyspeptic, but who are now, through the use of Mi-o-na, plump, strong and happy, with perfect health and good digestion. He has seen so many instances of the wonderful power of Mi-o-na to restore the sick to health and to make good, natural flesh that he gives his personal guarantee with every package of Mi-o-na he sells to refund the money if the remedy does not prove satisfactory.

Mi-o-na is a purely vegetable preparation that can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak, run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind, and in addition strengthens the digestive organs, aids the food to digest, and makes complete and permanent cures of the worst cases of dyspepsia.

R. F. Chafin, of Erie street, is confined to the house with an attack of fever.

John Nicholson will give a dance at the Larkins' hall next Wednesday night.

Adam Covida has resigned his position at No. 2 to accept a position at Sebring.

Miss Helen McCain, of Ohio avenue, left this morning to spend a few weeks with relatives in Florida.

(Communicated.)

HONEST JOHN HORWELL

The Hero of Mary a Battle Is for President of Council.

Honest John Horwell they call him throughout the city, and every time he holds public office the name becomes more appropriate.

Mr. Horwell is not new to the people of the city. He has held office before, and at present is a member of council. When it is said he is a member it must not be understood that he is simply a figurehead. He thinks and investigates every matter of importance with care and integrity. In fact John Horwell never does anything without first knowing what he is doing. Then he centers every effort to win out, and he is usually winner.

Mr. Horwell's candidacy for president of council is the natural outcome of his position in council. His friends know his abilities. They could think of no other man in the city better qualified to preside over the deliberations of council and who, should a tie occur, knows better how to cast the deciding vote. His name was announced and Mr. Horwell could do nothing but go to work and win, for he is possessed of that determination which makes men strong at all times and them honorable to their constituents.

And also Mr. Horwell is in the race to win. Other candidates for president of council may do this or that. Not so with John Horwell. He goes on his way doing the duty that falls to his lot as a hard working man who fills a responsible position, well knowing that the people know him.

And they do. They know him to be honest and faithful in every trust. They know him to be careful and conservative in his every action. They look upon him as the one man who is not afraid to do his duty, but is always able to distinguish quickly between duty and demagogery. If the expressions heard every day count for anything, John Horwell is a winner.

SUICIDAL MANIA STRIKES A VILLAGE

Self-Murderers Very Numerous in a Small Town of West Virginia.

New Martinsville, W. Va., February 26.—A suicidal mania has struck Mole Hill, a little village in Ritchie county. The name of Mrs. Hammond was added to the long list of suicides, when she drowned herself in the Hughes river. She had been in failing health for some time and required the constant attendance of guards. While the attendants were called to an adjoining room she quietly raised the window and made her way to the bank of the river and jumped in.

Within the neighborhood abounds remarkable history of suicides and tragedies. It has been but a year since Ard Jones started the community by calling his brother to the door and shooting him in cold blood. For two days the brother was sought in vain, when a passerby discovered the body of Ard Jones lying on the door step of his brother with a note pinned to him saying that he committed the murder and that he would now take his life.

Just before the shooting of Creed Jones and the suicide of his brother Ard, Enoch Riggs, a highly respected resident of the village, was discovered lying on the floor of his home with his throat cut from ear to ear. Overcome by remorse, his wife had hardly been informed of the suicide when she went to the barn and hung herself to a rafter. Then Kitty Stull suicided.

She was a pretty and winsome country maid and was quite a favorite, but grew despondent and took her life. William Rowe then followed, and was found hanging with a halter around his neck. Harrison Tharp was the last one to commit suicide before the death of Ard Jones, and now comes the news of the suicide of Mrs. Hammond. The little village has become known as the place where more suicides have been committed than any one spot in West Virginia.

FOR MAYOR

Andy Roe the Most Logical Candidate in the Race.

Andy C. Roe, candidate for nomination for mayor, will finish his canvass this evening. He has, with one exception, visited personally every pottery in this city, as well as making a tour of all the business houses. Mr. Roe has every reason to believe that he will win in the mayoralty race, as his campaign has been clean and the encouragement given, is all that could be desired.

That he is the logical and only potters' candidate, no clay worker will dispute. He has been engaged in the pottery industry for over 14 years and during that period has proven his sympathy with the trades union movement. The qualifications necessary to any aspirant for mayor of a city of the size and pretensions of East Liverpool should be carefully considered by every intelligent voter.

Mr. Roe has degrees from three of the foremost institutions of learning in this section, from Hopewell and Scioto colleges, Harrison county, and Richmond college, Jefferson county.

Has taught public school 12 years and had 18 months' experience in the study of law, being compelled to cease his studies on account of failing health; spent several years in the west and since his return, 14 years ago, has been employed as an operative potter, six years as general foreman at the C. C. Thompson pottery.

Under Harrison's administration Mr. Roe was tendered the consulship of Lima, Peru, S. A., but extenuating circumstances prevented his acceptance.

In deciding to make the fight Mr. Roe was not actuated by any desire for pecuniary benefits and is conducting his campaign purely on his merits. If his potter friends and others see fit to place him in nomination he will faithfully discharge the duties of his position without fear or favor. The protection of the citizens at large and their homes will be his chief object and he has pledged himself his best efforts to eradicate the holdups so prevalent in this city. If an administration of this character meets your approval you should cast your vote for Andy C. Roe.

KNOWLES BLOCK WASHINGTON ST.

IDLE TALK INDULGED IN

Story That Mayors Legislated Out of Office May Sue for Salary.

Columbus, February 20.—The press of the state is carrying the information that mayors of different cities and villages intend to sue their towns for a year's salary if they are not elected at the April contest. The new municipal code turns them all out.

They maintain that the people elected them for two years and that the legislature has no right to cut them off with one when the oath of office has been taken for two years and a bond given. A test case probably will be made somewhere in the state.

All this was well considered when the new municipal code was under discussion in the last assembly, and the opinion of the best lawyers, in both the senate and house was that, as the legislature had fixed the term for two years, it could also change the term as it willed.

(Communicated.)
GEORGE OLTHAUSEN

Is a Strong Candidate for Member of Board of Public Service.

Of the many candidates for the office of board of public service, none are better known or better qualified to fill the position that George Olthausen, who, his friends say, is sure to be one of the three members at the primary election tomorrow.

Mr. Olthausen has long been connected with the affairs of the city, having served for a number of years as city councilman from the old Fourth ward. He is a successful business man and no better choice could be made than to put him at the head of the financial affairs of the city.

During the past few weeks he has been engaged in some special work which has interfered with his plans of making a personal canvass of the city. To those he has been unable to see, he solicits their vote and influence and it goes without saying that if he is nominated the office will be conducted in a way that will be a credit to not only himself, but the people as well.

EAST END**NOTHING BUT POLITICS**

The Sole Topic in the East End—Many Bets Are Being Registered.

Nothing can be heard in the East End at the present time except politics. The weather is so cold that but few people venture out, but those who do seek a warm office or business room and discuss the outcome of the primary to be held tomorrow. Bets are being made every day on the probable outcome, and it is easily true that more money has been placed on the result of the primary than has been wagered before in this city for years. A number of supporters of O. D. Nice visited the East End last night and appeared very confident of the nomination of their candidate. They wanted to make bets that Nice would beat Marshall and placed a few small bets. Their money was quickly covered, and it was said this morning that they can get a thousand the same way if they care to put up the money. It seems that but few bets are being offered which are not being taken, no matter what the proposition is.

That the vote polled tomorrow will be large is very evident. More interest is being manifested than in a regular state election apparently, and every candidate will have his representatives at the polling places. Carriages will be used to bring the old and infirm voters to the polls, and no stone will be left unturned to bring out a full vote. A few bets were offered yesterday that Thompson would secure more than 150 votes in the First ward. Today there are plenty of persons trying to find the parties who made the statement. It is safe to say that \$2,000 will change hands in the East End on the result of the primary.

The central committee today is getting the booths in good condition, and those in the East End were repaired. In the First ward there will be two polling places. The ward consists of all the territory lying east of Ralston's crossing. The first precinct consists of the territory lying between Ralston's crossing and Martin street. Voting place, fire station. The second precinct, all of the territory east of Martin street, with the voting place at the Neville institute building.

Not Running Full.

The many potteries in the East End are not running full. In the month of February it is always expected that business will be dull and this month is no exception to the rule. The potteries are still running in nearly every department, but only with a part of the regular force. It is expected that by the first of the coming month business will pick up a little and the plants will again assume the air of hustling activity.

Special Services Sunday.

Sunday will be the last night that Rev. Van Fossen, of Allegheny, and Prof. Morton, of Pittsburgh, will be at the Second Presbyterian church. The meetings have been greatly hindered by the cold weather, but nevertheless the interest and attendance has been good. Last night an excellent sermon was preached and another interesting service is promised tonight.

Camping Club Met.

The Oriental Camping club held a meeting last night at Hopkins' club room and considered a few applications for membership. They have already made all arrangements for their outing this summer and will soon complete all details. The membership of the club is limited to 30, and they now have almost that many members.

EAST END AFFAIRS.

John M. Cole, of Canton, was a business visitor in the East End yesterday.

WHEN YOU BUY

Meredith's Diamond Club Pure Rye whiskey you get the highest grade whiskey made. That's why it's best for medicinal purposes and preferred for other uses. That's why you should try it. Send the tops to us and you will get the mug.

G. W. MEREDITH & CO.
177 Market St., East Liverpool, O.

A FLESH FORMING FOOD

When you buy a package of Mi-o-na the great flesh forming food and dyspepsia cure, weigh yourself and see how much you gain in the first week's use.

Druggist Will Reed will tell you of many of his customers who a month or so ago were thin, pale, haggard, and dyspeptic, but who are now, through the use of Mi-o-na, plump, strong and happy, with perfect health and good digestion. He has seen so many instances of the wonderful power of Mi-o-na to restore the sick to health and to make good, natural flesh that he gives his personal guarantee with every package of Mi-o-na he sells to refund the money if the remedy does not prove satisfactory.

Mi-o-na is a purely vegetable preparation that can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak, run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind, and in addition strengthens the digestive organs, aids the food to digest, and makes complete and permanent cures of the worst cases of dyspepsia.

R. F. Chaffin, of Erie street, is confined to the house with an attack of fever.

John Nicholson will give a dance at the Larkins' hall next Wednesday night.

Adam Covida has resigned his position at No. 2 to accept a position at Sebring.

Miss Helen McCain, of Ohio avenue, left this morning to spend a few weeks with relatives in Florida.

HONEST JOHN HORWELL

The Hero of Many a Battle Is for President of Council.

Honest John Horwell they call him throughout the city, and every time he holds public office the name becomes more appropriate.

Mr. Horwell is not new to the people of the city. He has held office before, and at present is a member of council. When it is said he is a member it must not be understood that he is simply a figurehead. He thinks and investigates every matter of importance with care and integrity. In fact John Horwell never does anything without first knowing what he is doing. Then he centers every effort to win out, and he is usually winner.

Mr. Horwell's candidacy for president of council is the natural outcome of his position in council. His friends know his abilities. They could think of no other man in the city better qualified to preside over the deliberations of council and who, should a tie occur, knows better how to cast the deciding vote. His name was announced and Mr. Horwell could do nothing but go to work and win for he is possessed of that determination which makes men strong at all times and them honorable to their constituents.

And also Mr. Horwell is in the race to win. Other candidates for president of council may do this or that. Not so with John Horwell. He goes on his way doing the duty that falls to his lot as a hard working man who fills a responsible position, well knowing that the people know him.

And they do. They know him to be honest and faithful in every trust. They know him to be careful and conservative in his every action. They look upon him as the one man who is not afraid to do his duty, but is always able to distinguish quickly between demagogic. If the expressions heard every day count for anything, John Horwell is a winner.

SUICIDAL MANIA STRIKES A VILLAGE

Self-Murderers Very Numerous in a Small Town of West Virginia.

New Martinsville, W. Va., February 20.—A suicidal mania has struck Mole Hill, a little village in Ritchie county. The name of Mrs. Hammond was added to the long list of suicides, when she drowned herself in the Hughes river. She had been in failing health for some time and required the constant attendance of guards. While the attendants were called to an adjoining room she quietly raised the window and made her way to the bank of the river and jumped in.

Within the neighborhood abounds remarkable history of suicides and tragedies. It has been but a year since Ard Jones started the community by calling his brother to the door and shooting him in cold blood. For two days the brother was sought in vain, when a passersby discovered the body of Ard Jones lying on the door step of his brother with a note pinned to him saying that he committed the murder and that he would now take his life.

Just before the shooting of Creed Jones and the suicide of his brother Ard, Enoch Riggs, a highly respected resident of the village, was discovered lying on the floor of his home with his throat cut from ear to ear. Overcome by remorse, his wife had hardly been informed of the suicide when she went to the barn and hung herself to a rafter. Then Kitty Stull suicided.

She was a pretty and winsome country maid and was quite a favorite, but grew despondent and took her life. William Rowe then followed, and was found hanging with a halter around his neck. Harrison Tharp was the last one to commit suicide before the death of Ard Jones, and now comes the news of the suicide of Mrs. Hammond. The little village has become known as the place where more suicides have been committed than any one spot in West Virginia.

FOR MAYOR

Andy Roe the Most Logical Candidate in the Race.

Andy C. Roe, candidate for nomination for mayor, will finish his canvas this evening. He has, with one exception, visited personally every pottery in this city, as well as making a tour of all the business houses. Mr. Roe has every reason to believe that he will win in the mayoralty race, as his campaign has been clean and the encouragement given is all that could be desired. That he is the logical and only potters' candidate, no clay worker will dispute. He has been engaged in the pottery industry for over 14 years and during that period has proven his sympathy with the trades union movement. The qualifications necessary to any aspirant for mayor of a city of this size and pretensions of East Liverpool should be carefully considered by every intelligent voter.

Mr. Roe has degrees from three of the foremost institutions of learning in this section, from Hopedale and Selo colleges, Harrison county, and Richmond college, Jefferson county. Has taught public school 12 years and had 18 months' experience in the study of law, being compelled to cease his studies on account of failing health; spent several years in the west and since his return, 14 years ago, has been employed as an operative potter, six years as general foreman at the C. C. Thompson pottery.

Under Harrison's administration Mr. Roe was tendered the consulship of Lima, Peru, S. A., but extenuating circumstances prevented his acceptance. In deciding to make the fight Mr. Roe was not actuated by any desire for pecuniary benefits and is conducting his campaign purely on his merits. If his potter friends and others see fit to place him in nomination he will faithfully discharge the duties of his position without fear or favor. The protection of the citizens at large and their homes will be his chief object and he has pledged himself his best efforts to eradicate the holdups so prevalent in this city. If an administration of this character meets your approval you should cast your vote for Andy C. Roe.

IDLE TALK INDULGED IN

Story That Mayors Legislated Out of Office May Sue for Salary.

Columbus, February 20.—The press of the state is carrying the information that mayors of different cities and villages intend to sue their towns for a year's salary if they are not elected at the April contest. The new municipal code turns them all out.

They maintain that the people elected them for two years and that the legislature has no right to cut them off with one when the oath of office has been taken for two years and a bond given. A test case probably will be made somewhere in the state.

All this was well considered when the new municipal code was under discussion in the last assembly, and the opinion of the best lawyers, in both the senate and house was that, as the legislature had fixed the term for two years, it could also change the term as it willed.

John Shaffer, who lives a short distance east of North Benton, is the oldest man in Smith township, Mahoning county. He is now 97 years old and built the house he now lives in, which was the first brick house built in the township.

Vernon Clayton, at Marlboro, who was held up and robbed of \$100 by highwaymen, has recovered his money. When Clayton went to his grocery he was surprised to find an envelope hanging on the door, which was found to contain \$100, but no further information.

J. S. HILBERT,

Notary Public.

FRIDAY, FEBRUARY 20, 1903.

Editor Potts, of the Lisbon Patriot, has a very unhappy disposition. We can admire a political opponent who is disposed to be fair, but when, for political or other ends, a newspaper man makes his columns the medium for sling the dirtiest sort of mud it is time for political friends and foes alike to register a protest. In a recent number of his paper Mr. Potts mingles with some platitudes on the interests of the taxpayers a cowardly personal attack on Elijah W. Hill, of this city. Whether the animus of the libelous and scurrilous assertions is to be found in the fact that Mr. Hill happens to be a Republican candidate for the legislature or in personal malice makes little difference. The people of East Liverpool, who know him well and whose choice he is for the office and the honor, as well as Mr. Hill himself, have a right to resent the insult. Briefly, Mr. Potts questions Mr. Hill's honesty and fitness for the place to which he aspires and doubts whether he "knows a law from a coal pick." Mr. Hill is not a practicing attorney, to be sure, but if he were he would have better sense than to attack an upright judge upon the bench and subject himself to a fine and the humiliation of an apology. There are some people who never learn anything, whether by study or by experience. There are others, who to quote a humorous philosopher, would "rather not know so much than to know so blamed much that ain't so." Mr. Hill knows enough law to keep out of the law's clutches, at all events, and he has enough hard, practical sense to be a good business man. Hundreds of persons in East Liverpool who have made him their agent in important business transactions have had no reason to complain. The extensive business which he has built up from a humble beginning shows how complete is popular confidence in his integrity and good judgment. Mr. Hill is a young man, enterprising, progressive and full of energy. He is

Don't Neglect Coughs.

Harry Wolfe, of Allegheny, is visiting friends here.

Joseph Cook, the well known Akron potter, was in the city yesterday.

Orrville Schaefer has returned from a short visit with friends at New Brighton, Pa.

Annie, the little daughter of Mr. and Mrs. Charles Harker, is suffering with the mumps.

Bertram Rhead, the popular salesman of Hanley, Eng., is confined to his room at the Thompson House with the grip.

A mugwump contemporary claims to have discovered the "Anything to beat Roosevelt" is the war cry of the leading financial interests of the country. No doubt a few trusts would like to beat him, but there are good many more voters than trusts in this country. Most of the "leading financial interests," however, are too busy making money to worry over imaginary grievances. Present prosperity is the most eloquent testimony possible of popular confidence in the president and his policy.

The primaries tomorrow will determine who shall be the first to hold offices under the new code in this city. For that reason it is an unusually important election, and no Republican interested in the welfare and good government of the city can afford to neglect to go to the polls.

Some sage philosopher is wasting his time trying to discover why it is that the only persons who are desirous of reforming the newspapers are those whose reputations the newspapers have made.

Now it remains only to get out the vote, and it looks as if that matter would be properly attended to.

Hope the ground hog is satisfied.

OBITUARY

Isaac Dennis.

Isaac Dennis, aged 58 years, one of Ironton's best known citizens, died yesterday morning at 5 o'clock at his home after a lingering illness. He is survived by nine children, five boys and four girls, and also his second wife. His first wife died several years ago. The funeral was held at 11 o'clock this morning at the late home of the deceased, Rev. W. M. Grimes, of Ironton, officiating. Interment was made in the cemetery at Highland town.

R. P. Thistletonwaite, R. P. Thistletonwaite, aged 56 years, died at his home in Allegheny Monday evening from pneumonia and a complication of troubles. The funeral services were held yesterday. He married a sister of A. H. Bulger, of this city, who, with two adult children, survives him. Mr. Bulger attended the funeral services, and Mrs. Thistletonwaite returned with him and will remain for some time.

Harrison Rinehart.

Harrison, the four-months-old child of Mr. and Mrs. Leroy Rinehart, of Wellsville, died Wednesday night after a short illness. The funeral services were held at the residence this afternoon, Rev. L. C. Wells, of the Wellsville Methodist Protestant church, officiating. The interment was made in Riverview cemetery.

Willie Ormes.

R. P. Thistethwaite.

R. P. Thistethwaite, aged 56 years, died at his home in Allegheny Monday evening from pneumonia and a complication of troubles. The funeral services were held yesterday. He married a sister of A. H. Bulger, of this city, who, with two adult children, survives him. Mr. Bulger attended the funeral services, and Mrs. Thistethwaite returned with him and will remain for some time.

Harrison Rinehart.

Harrison, the four-months-old child of Mr. and Mrs. Leroy Rinehart, of Wellsville, died Wednesday night after a short illness. The funeral services were held at the residence this afternoon, Rev. L. C. Wells, of the Wellsville Methodist Protestant church, officiating. The interment was made in Riverview cemetery.

Willie Ormes.

Willie, the three-months-old son of Mr. and Mrs. W. M. P. Ormes, corner Jackson street and Center alley, died this morning at 2 o'clock from congestion of the lungs.

CHRIS HORTON

Well Known to Thousands He Will Probably be the Next Treasurer.

I am going to vote for Chris Horton for treasurer because I know him to be a gentleman as well as a working man, and you can't beat that combination," said a prominent citizen this morning, and he not only told the truth, but he meant it.

Mr. Horton belongs to the army of kilmen who are so strong a part of the Brotherhood, and holds a prominent position at the Dresden pottery. He was for 12 years connected with the Thompson pottery, and did his work in such manner as to excite the admiration of his associates and the respect of the men who knew him throughout the city. When he went to take charge of the decorating kilns at the Dresden pottery his record was equally good and his standing as high. In fact he bears the endorsement of the union kilmen.

Mr. Horton possesses those qualifications which command the respect of all with whom he comes in contact. His dealings with everybody during his long residence in East Liverpool have been such as to bring about him a circle of friends that cannot be broken. True to every promise, faithful to every friend and willing to stretch forth the hand of charity when it is needed Mr. Horton stands out among the people of East Liverpool as one who can be trusted.

Mr. Horton is a candidate for city treasurer, and as such has conducted a campaign that gives him even better standing in the community. He is honest, trustworthy and to be depended upon at all times. His personal character is beyond reproach, and he will make an official of whom the city will feel proud.

No better choice for treasurer could be made than Chris Horton. Vote for him.

J. S. HILBERT,

Notary Public.

FRIDAY, FEBRUARY 20, 1903.

Editor Potts, of the Lisbon Patriot has a very unhappy disposition. We can admire a political opponent who is disposed to be fair, but when, for political or other ends, a newspaper man makes his columns the medium for slinging the dirtiest sort of mud it is time for political friends and foes alike to register a protest. In a recent number of his paper Mr. Potts mingles with some platitudes on the interests of the taxpayers a cowardly personal attack on Elijah W. Hill, of this city. Whether the animus of the libelous and scurrilous assertions is to be found in the fact that Mr. Hill happens to be a Republican candidate for the legislature or in personal malice makes little difference. The people of East Liverpool, who know him well and whose choice he is for the office and the honor, as well as Mr. Hill himself, have a right to resent the insult.

Briefly, Mr. Potts questions Mr. Hill's honesty and fitness for the place to which he aspires and doubts whether he "knows a law from a coal pick." Mr. Hill is not a practicing attorney, to be sure, but if he were he would have better sense than to attack an upright judge upon the bench and subject himself to a fine and the humiliation of an apology. There are some people who never learn anything, whether by study or by experience. There are others, who to quote a humorous philosopher, would rather not know so much than to know so blained much that ain't so." Mr. Hill knows enough law to keep out of the law's clutches at all events, and he has enough hard, practical sense to be a good business man. Hundreds of persons in East Liverpool who have made him their agent in important business transactions have had no reason to complain. The extensive business which he has built up from a humble beginning shows how complete is popular confidence in his integrity and good judgment. Mr. Hill is a young man, enterprising, progressive and full of energy. He is

WELLSVILLE**THE LEASE SIGNED**

Postoffice to occupy part of City Building at \$700 yearly
Rental.

A meeting of the building committee of council was held last Wednesday at which time the lease was signed by the mayor and clerk for the rental of the rooms in the city building to the government for a postoffice.

The lease has been sent by the city solicitor to Assistant Superintendent E. M. Morris, of Newark, N. J., for his signature. The lease calls for the renting of the rooms for a term of 10 years at an annual rental of \$700 to be paid quarterly.

Besides the room at present occupied by the postoffice, it is to have the room occupied by the water works trustees for an office and also to have a new outfit of fixtures, including lock boxes, etc., all to be at the expense of the city. These fixtures will cost the city about \$1,500, which, with occasional repairs being made, will mean that the city will not derive much revenue from the government.

For And Against Free Delivery.

The committee appointed some time ago by the Trades & Labor Council to ascertain the sentiment of the people on the question of free mail delivery in the city made a report to the council at the meeting last evening. The members of the committee found that the people of the down town district were very much in favor of the project, while the up-town people were just as much opposed to it. The report was laid over until the next meeting when the council will adopt a resolution.

Girls Using Clubs.

The physical culture classes among the girls of the high school, under the able direction of the principal, Miss Ruby E. C. Mason, have so far advanced in the course that Indian clubs are now being used. They were purchased several days ago and were used for the first time last week. Dumb bells will be used later. The classes are doing good work and take a great interest.

Pastor's Reception.

One of the most successful receptions of the season was that given last evening at the parsonage of the First United Evangelical church on Main street by the pastor and his wife, Rev. and Mrs. W. A. Vandersall, to the members of the church and their intimate friends. The reception was from 7 to 9 and was largely attended. Mrs. Vandersall served dainty refreshments.

C. E. Social.

A social was held last evening at the home of Benson Peoples, on Nevada street, by the Christian Endeavor society of the Second Presbyterian church. An admission fee of 10 cents was charged and a neat sum was cleared. A large crowd attended. Music and games were enjoyed and refreshments served.

SOUTH SIDE**THE FIRST STREET BRIDGE**

One of the Livest Questions Likely to Come Before Council Tonight.

At the regular meeting of the Chester council tonight it is expected that the question of the bridge over the First street crossing will come up for discussion. This will be one of the important matters that will be discussed by the new council. The Panhandle Railroad company has agreed to pay one-half the cost of the construction of the new bridge, and it is urged that the county court should pay the balance.

Solicitor Ingram appeared before the court Monday and made an appeal for the council, and at that time the court agreed to meet the council Saturday morning and look over the proposed improvement. At the meeting tonight plans and details of the bridge will likely be brought up and the council decide on some course to pursue in trying to get the court to pay a part of the cost of the bridge.

ON THURSDAY NEXT

The Hearing on Application for a Street Railway Franchise Will Be Held.

The petition of C. A. Smith and others before the county court for a franchise granting them the privilege to construct and operate an electric road between Congo and Chester was up for hearing Monday and the petitioners were represented by Messrs. Donehue and Ingram. Attorney Hart, representing J. B. Newell, asked that his client be made a party to the petition for the franchise and this was granted by the court. The case was then continued until Thursday, February 26, when it will be discussed and acted upon.

It is possible that the members of the court will go over the proposed route for the road Saturday, after they have investigated the First street bridge at Chester.

PACKAGE OF JEWELRY

Found Among Provisions Which a Chester Mill Worker Purchased in East Liverpool.

A Chester mill worker had a peculiar experience last night. He went to East Liverpool after some provisions and took a basket with him to bring them home with. He remained in town a little longer than he expected and visited several different places. When he returned and gave the basket to his wife she found wrapped in a piece of paper several valuable rings.

Her husband was greatly alarmed, fearing that he might be accused of stealing them. He had no idea of how they were put in the basket or who could have placed them there.

He reported the matter at once and the rightful owner of the rings will have no trouble in securing them.

New Cumberland Politics.

Considerable interest is being manifested in the municipal election in New Cumberland, to be held March 9. It is probable that as in former years there will be no fight between political parties, but a citizens' ticket will be chosen. This has already been nominated and the general sentiment seems to be that no opposition will develop.

It is not often in a local fight at New Cumberland that the party lines are drawn, and this election does not appear to be different from preceding ones.

Carr Not Heard From.

A rumor has been circulated that Charles Carr, the man wanted at Congo for cutting Lee Kid, had been located in Bellaire. It was also rumored that E. S. Good had gone after the man, with the necessary papers.

Inquiry at the office of Justice Johnston revealed the fact that nothing was known by the officials of his alleged presence in Bellaire, and it could not be ascertained that Good had gone after him.

County Court Re-Organized.

The new member of the county court took his seat Monday. The new member is Elson Stewart. The body organized by electing E. W. Hewitt as president for the coming year. Considerable business was brought up at this session and a large number of bills were ordered paid.

Baptists Will Organize.

The Baptists held another meeting last night in Chester and decided to meet hereafter in Bloom's hall as soon as it is completed. They will meet on Sunday afternoon and effect an organization. The Thursday night prayer meetings will also be continued, as well as the meetings on Sundays.

New Christian Church.

One week from Sunday the members of the Christian church at Chester will

WELLSVILLE**THE LEASE SIGNED**

Postoffice to Occupy Part of City Building at \$700 Yearly Rental.

A meeting of the building committee of council was held last Wednesday at which time the lease was signed by the mayor and clerk for the rental of the rooms in the city building to the government for a postoffice.

The lease has been sent by the city solicitor to Assistant Superintendent E. M. Norris, of Newark, N. J., for his signature. The lease calls for the renting of the rooms for a term of 10 years at an annual rental of \$700 to be paid quarterly.

Besides the room at present occupied by the postoffice, it is to have the room occupied by the water works trustees for an office and also to have a new outfit of fixtures, including lock boxes, etc., all to be at the expense of the city. These fixtures will cost the city about \$1,500, which, with occasional repairs being made, will mean that the city will not derive much revenue from the government.

For And Against Free Delivery.

The committee appointed some time ago by the Trades & Labor Council to ascertain the sentiment of the people on the question of free mail delivery in the city made a report to the council at the meeting last evening. The members of the committee found that the people of the down town district were very much in favor of the project, while the up-town people were just as much opposed to it. The report was laid over until the next meeting when the council will adopt a resolution.

Girls Using Clubs.

The physical culture classes among the girls of the high school, under the able direction of the principal, Miss Ruby E. C. Mason, have so far advanced in the course that Indian clubs are now being used. They were purchased several days ago and were used for the first time last week. Dumb bells will be used later. The classes are doing good work and take a great interest.

Pastor's Reception.

One of the most successful receptions of the season was that given last evening at the parsonage of the First United Evangelical church on Main street by the pastor and his wife, Rev. and Mrs. W. A. Vandersall, to the members of the church and their intimate friends. The reception was from 7 to 9 and was largely attended. Mrs. Vandersall served dainty refreshments.

C. E. Social.

A social was held last evening at the home of Benson Peoples, on Nevada street, by the Christian Endeavor society of the Second Presbyterian church. An admission fee of 10 cents was charged and a neat sum was cleared. A large crowd attended. Music and games were enjoyed and refreshments served.

Mr. and Mrs. Samuel Faloon, of Center street, have returned to their home after visiting friends in Salineville.

M. B. Madden, a missionary from Japan, entertained a large audience at the Christian church last evening by giving a lecture on missionary work. Costumes and curios from Japan, which aided in illustrating the lecture.

SOUTH SIDE**THE FIRST STREET BRIDGE**

One of the Livest Questions Likely to Come Before Council Tonight.

At the regular meeting of the Chester council tonight it is expected that the question of the bridge over the First street crossing will come up for discussion. This will be one of the important matters that will be discussed by the new council. The Panhandle Railroad company has agreed to pay one-half the cost of the construction of the new bridge, and it is urged that the county court should pay the balance.

Solicitor Ingram appeared before the court Monday and made an appeal for the council, and at that time the court agreed to meet the council Saturday morning and look over the proposed improvement. At the meeting tonight plans and details of the bridge will likely be brought up and the council decide on some course to pursue in trying to get the court to pay a part of the cost of the bridge.

ON THURSDAY NEXT

The Hearing on Application for a Street Railway Franchise

Will Be Held.

The petition of C. A. Smith and others before the county court for a franchise granting them the privilege to construct and operate an electric road between Congo and Chester was up for hearing Monday and the petitioners were represented by Messrs. Denehoo and Ingram. Attorney Hart, representing J. B. Newell, asked that his client be made a party to the petition for the franchise and this was granted by the court. The case was then continued until Thursday, February 26, when it will be discussed and acted upon.

It is possible that the members of the court will go over the proposed route for the road Saturday, after they have investigated the First street bridge at Chester.

PACKAGE OF JEWELRY

Found Among Provisions Which a Chester Mill Worker Purchased in East Liverpool.

A Chester mill worker had a peculiar experience last night. He went to East Liverpool after some provisions and took a basket with him to bring them home with. He remained in town a little longer than he expected and visited several different places. When he returned and gave the basket to his wife she found wrapped in a piece of paper several valuable rings.

Her husband was greatly alarmed, fearing that he might be accused of stealing them. He had no idea of how they were put in the basket or who could have placed them there. He reported the matter at once and the rightful owner of the rings will have no trouble in securing them.

New Cumberland Politics.

Considerable interest is being manifested in the municipal election in New Cumberland, to be held March 9. It is probable that as in former years there will be no fight between political parties, but a citizens' ticket will be chosen. This has already been nominated and the general sentiment seems to be that no opposition will develop.

It is not often in a local fight at New Cumberland that the party lines are drawn, and this election does not appear to be different from preceding ones.

Carr Not Heard From.

A rumor has been circulated that Charles Carr, the man wanted at Congo for cutting Lee Kid had been located in Bellaire. It was also rumored that E. S. Good had gone after the man, with the necessary papers.

Inquiry at the office of Justice Johnston revealed the fact that nothing was known by the officials of his alleged presence in Bellaire, and it could not be ascertained that Good had gone after him.

County Court Re-Organized.

The new member of the county court took his seat Monday. The new member is Elson Stewart. The body organized by electing E. W. Hewitt as president for the coming year. Considerable business was brought up at this session and a large number of bills were ordered paid.

Baptists Will Organize.

The Baptists held another meeting last night in Chester and decided to meet hereafter in Bloom's hall as soon as it is completed. They will meet on Sunday afternoon and effect an organization. The Thursday night prayer meetings will also be continued, as well as the meetings on Sundays.

New Christian Church.

One week from Sunday the members of the Christian church at Chester will

Arrangements for Consolidation of the Two Associations Now Under Way.

Washington, Feb. 20.—A joint committee of the Spanish war veterans and of the Spanish-American war veterans, which has been in session here for two days with a view of arranging the details of the consolidation of the two associations, called upon President Roosevelt yesterday to pay its respects. Following is the personnel of the joint committee which includes some prominent participants in the Spanish-American war.

Spanish war veterans—H. F. Ureil, commander-in-chief; L. G. Dier, adjutant general; Lee M. Lipscomb and Hamilton Ward, Washington; Francis G. Ward, Buffalo; Charles R. Miller, Canton; "Champs" S. Andrews, New York city; and W. H. L. Reany, Brooklyn navy yard.

Spanish-American war veterans—Willis J. Halings, past commander-in-chief, Oil City, Pa.; James B. Corry, past commander-in-chief, Philadelphia; F. J. Dimmick, Washington; Henry F. Allers, Newark, N. J.; Frederick C. Brean, Akron, O.; Russell E. Harrison, Indianapolis; Charles E. Davis, Troy, N. Y., and Ambrose Higgins, Philadelphia.

President Roosevelt greeted the members of the committee most cordially and expressed his pleasure that the associations are to be consolidated into one large, homogeneous organization.

REALM OF SPORTS

FINE HORSES BURNED

Fire Destroys Six Imported Stallions at the Vandergrift Farm.

Six imported hackney stallions valued at \$32,000, and a building that cost \$8,000, went up in smoke at Van-croft, the beautiful country estate of Joseph Vandergrift, the Pittsburgh millionaire, located on the hilltop two miles above Wellsville.

The horses burned to death are all imported English hackney stallions, and were highly prized by Mr. Vandergrift. Their names and estimated values are as follows: Royal Oak, \$6,000; Gay Chocolate, \$6,000; Alarm, \$6,000; Rothbury, \$5,000; Palmerston, \$5,000; King Morgan, \$2,000.

The stallion barn, a modern, up-to-date structure, a short distance from the main barns and exercising ring of the estate, is worth \$8,000, thus making the loss caused by the fire up to \$40,000. Other estimates bring the loss up to \$50,000. It is partially covered by insurance. This is the second bad fire out the place.

A Jockey's Princely Pay.

The marvelous 17-year-old jockey, Arthur Redfern, who is considered by many leading turfmen the greatest rider now before the public will receive this year from William C. Whitney a retaining fee of \$15,000, besides \$25,000 more from outside owners who have second and third call on his services. Redfern rode his first race in Montana, and did not win it. His magnetism over his mounts is considered a great factor in his subsequent success.

Basket Ball Tonight.

The Homestead and Y. M. C. A. basket ball teams will measure skill at the Y. M. C. A. tonight. A strenuous game is expected. The players will be selected from the following:

Homestead—Forwards, Dixon, Adams, Shaus, Brown, Bissell; guards, Lloyd, McBeth, Murray.

Y. M. C. A.—Forwards, Allison, Bloor; center, Rigby; guards, Chadwick, Watkin; sub., Powell.

SPORTING MISCELLANY.

Catcher Bill Clarke will probably captain the Senators this season.

Delehanty, Seltach and Ryan will be the Washington outfield. A trio of veterans.

Leonhard, whom Dan McLeod defeated last week, had a rib fractured during the contest.

The St. Louis papers are urging Robison to sign Catcher Jacklitsch, released by Shetteline.

Manager Shetteline, of the Phillies, has signed Pitcher William Wolf, who did good work in a trial game against Pittsburgh last year. Wolf is a Philadelphian and has had considerable experience.

CITY TREASURERSHIP

Joseph Betz Admirably Qualified for Position And Entitled to It.

Joseph Betz, who is a candidate for city treasurer and for a second term as township treasurer, is a business man of sterling integrity and admirably qualified for the office. Whatever duty he undertakes is discharged with conscientious fidelity. Mr. Betz has always been identified with the Republican party, and the Republicans of East Liverpool do not need to be told that he has been a tireless worker for party success in every local and general election. His faithful service and his excellent qualifications for the position he seeks surely entitle him to the recognition and votes of the Republicans of the city.

No better testimonial as to Mr. Betz's character and ability could be put forward than the following from a former employer:

"He has been in my employ for many years, and in all that time I have always found him faithful and industrious, courteous and gentlemanly. He has handled thousands of dollars for me, and every penny has been properly accounted for, and to his honesty and integrity I hereby gladly testify."

THE NEW YORK STOCK MARKET.

Tone Depressed Owing to Tendency to Close Up Contracts Preceding Holiday.

New York, Feb. 20.—The normal tendency to close up contracts preceding a holiday proved a depressing influence in the market yesterday, indicating that such outstanding commitments as existed among the traders were on the long side of the market. There was evidence of rather heavy declining in one or two stocks which have been subjects of recent speculative buying and this added to the general tone of depression.

Sterling exchange continued to advance and was not offset by a corresponding rise at Paris, thus narrowing the margin from the gold export point. It is not expected, however, that gold will go out before the end of next week at the earliest, owing to transport considerations.

The progress being made by the senate in the consideration of the Panama canal treaty gives a livelier interest to the question of providing for remittances to pay the purchase price for the canal.

Wednesday's currency transfers to New Orleans and large customs payment brought the requisition by the subtreasury upon the money market up to \$1,482,000, making the loss of the banks since Friday \$2,436,000. New York exchange at Chicago also fell from 15 cents to 20 cents discount yesterday. The rally on short covering of stocks early in the last hour was not held and the closing was dull and heavy.

Money on call steady at 2½ per cent; prime mercantile paper, 4½@5½ per cent.

Bonds became weak in sympathy with stocks. Total sales par value \$2,090,000.

United States bonds were all unchanged on the last call.

Allege Discrimination.

Washington, Feb. 20.—J. S. and T. W. Dewey of Manchester, O., have filed a petition with the Interstate commerce commission against the Toledo and Ohio Central railway, Kansas and Michigan Central and the Chesapeake and Ohio railways, alleging that they charged unreasonable sums for shipments of hay from various points in Ohio. The complainants say they were compelled to pay 20 cents per 100 pounds for the transportation of hay to Richmond, Va., while other shippers were charged only 9½ cents per 100 pounds for transporting the same product from Columbus to Richmond relatively the same distance.

BADLY SHAKEN UP.

Toronto, Feb. 20.—The Montreal express on the Grand Trunk railroad, consisting of a baggage car, express, day coach, sleeper, and two Pullmans, was derailed at Whiteley Junction yesterday. All the cars left the rails and rolled down a 25-foot embankment, hurling the passengers about as they turned over. There was no ditch to cause a piling of the cars at the bottom of the bank and to this is due the marvelous escape of the passengers. No one was killed though more than 20 suffered more or less severe injuries. Several Americans were on the train going through to the west. The injured were brought to Toronto.

REALM OF SPORTS

FINE HORSES BURNED

Fire Destroys Six Imported Stallions at the Vandergrift Farm.

Six imported hackney stallions valued at \$32,000, and a building that cost \$8,000, went up in smoke at Vandergrift, the beautiful country estate of Joseph Vandergrift, the Pittsburgh millionaire located on the hilltop two miles above Wellsville.

The horses burned to death are all imported English hackney stallions, and were highly prized by Mr. Vandergrift. Their names and estimated values are as follows: Royal Oak, \$6,000; Gay Chocolate, \$6,000; Alarm, \$6,000; Rothbury, \$5,000; Palmerston, \$5,000; King Morgan, \$2,000.

The stallion barn, a modern up-to-date structure, a short distance from the main barns and exercising ring of the estate, is worth \$8,000, thus making the loss caused by the fire up to \$40,000. Other estimates bring the loss up to \$50,000. It is partially covered by insurance. This is the second bad fire out the place.

A Jockey's Princely Pay.

The marvelous 17-year-old jockey, Arthur Redfern, who is considered by many leading turfmen the greatest rider now before the public will receive this year from William C. Whitney a retaining fee of \$15,000, besides \$25,000 more from outside owners who have second and third call on his services. Redfern rode his first race in Montana, and did not win it. His magnetism over his mounts is considered a great factor in his subsequent success.

Basket Ball Tonight.

The Homestead and Y. M. C. A. basket ball teams will measure skill at the Y. M. C. A. tonight. A strenuous game is expected. The players will be selected from the following:

Homestead—Forwards, Dixon, Adams, Shaus, Brown, Bissell; guards, Lloyd, McBeth, Murray.

Y. M. C. A.—Forwards, Allison, Bloor; center, Rigby; guards, Chadwick, Watkin; sub., Powell.

SPORTING MISCELLANY.

Catcher Bill Clarke will probably captain the Senators this season.

Delehanty, Seibach and Ryan will be the Washington outfit. A trio of veterans.

Leonard, whom Dan McLeod defeated last week, had a rib fractured during the contest.

The St. Louis papers are urging Robison to sign Catcher Jackitsch, released by Shetteline.

Manager Shetteline, of the Phillies, has signed Pitcher William Wolf, who did good work in a trial game against Pittsburgh last year. Wolf is a Philadelphia and has had considerable experience.

Life Plant Cures Rheumatism.

Because it purifies the blood. Rheumatism is caused by the presence of an excess of uric acid in the blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the uric acid and prevent its formation. Life Plant opens up the organs of excretion which in turn carry off the uric acid, and thus removes the cause, but it prevents the formation of the uric acid, and prevents a recurrence of the disease. It removes the cause. Restores and Renewes the vital element in the blood and makes you strong and vigorous. Read what Dr. Crater says:

MAGAZINE EXPLODES.

Fatal Blast in Storage Room at Fort Lafayette in New York Bay.

CAUSE OF ACCIDENT NOT KNOWN

Four Are Killed and a Number Injured, Some Mortally—Identification Difficult Owing to Distorted and Powder-Blackened Features.

New York, Feb. 20.—Three men were killed outright, one man so badly injured that he died later, two other men fatally and at least seven seriously hurt in an explosion in the workshop of the naval storage magazine at Fort Lafayette in New York bay about 2 o'clock yesterday afternoon.

The dead: George Hotham, Gustave Dzior, John Mason, Frank Munden. Seriously injured at Fort Hamilton hospital are: James Clancy, Martin Thorgensen, W. H. Vangur, Charles Lohmiller, Edward B. McMullen. Several were taken to their homes or to Brooklyn hospital.

All the dead and injured were workmen at the fort. Accounts differ as to how the fatal blast was set off. One report is that the men were filling a 13-inch shell while another man was removing a powder charge from a shell undertook to unwind fuse connecting the powder chamber with the percussion cap. This caused sufficient friction to set off the cap and explode the shell.

Major Powell, chief surgeon at Fort Hamilton, was among the first to reach the scene and with fort troops removed the dead and injured from the wrecked magazine. Ambulances and surgeons also were summoned.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Home of Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HOME AFFAIRS.

Brief Notes of a Personal Nature And
of Matters About
Town.

Bank Holiday Monday—All the banks in the city will be closed Monday, observing that day as Washington's birthday, a legal holiday.

To Entertain Tonight—Mrs. W. B. Faulk will entertain the members of her Sunday school class of the First Presbyterian church, at her home on College street this evening.

Wrist Dislocated—B. E. Allen, of the firm of Allen & Crites, tanners, suffered a painful injury last evening. He was attending to the horse used by the firm when the animal turned its head and caught his arm against the stall, dislocating his wrist.

A SMALLPOX VICTIM

Miss Anna Stewart, of Fairview, W. Va., died away from home
and friends.

The death of Miss Anna Stewart, of Fairview, W. Va., in the Pittsburgh city hospital, was an unusually sad case. Miss Stewart, who is about 17 years of age, went to the West Penn hospital about 35 days ago to be operated upon for a weak ankle. After successfully undergoing the operation, Miss Stewart appeared to be doing well and would soon have been able to come home. However, she was taken ill with smallpox and grew steadily worse and died Wednesday night at midnight.

The interment was held this afternoon at 3 o'clock and the remains laid to rest in the Homewood cemetery. Miss Stewart is the daughter of Mr. and Mrs. James Stewart, of Fairview.

New President Elected.

Lisbon, February 20.—(Special)—The board of directors of the Columbiania County Mutual Insurance company has elected Dr. Wm. Moore to succeed the late Reason B. Pritchard as president of the company.

Married Yesterday.

Lisbon, February 20.—(Special)—Wm. Patton and Miss Amy Karchner both of East Palestine, were married there yesterday by Rev. A. W. Butts.

A BRILLIANT AFFAIR

A Large Attendance And an Evening of Enjoyment at Rock Springs Pavilion.

The Rock Springs dancing pavilion last evening presented a beautifully brilliant appearance, when over 200 guests were entertained by the Belmont club. These dances, which are given at intervals by the club, are always among the brilliant social functions of the city.

For several months the spacious pavilion has been silent and deserted, but the excellent music rendered by McGraw's orchestra and the large number of gayly dressed young men and women gave an animated aspect to the place again.

Special cars made a trip to Chester and conveyed the guests to the city after spending a memorable and delightful evening.

(Communicated)

POPULAR CANDIDATE

Thomas Cannon, Old Resident And Heavy Taxpayer, Should Represent Fourth Ward in Council.

Thomas Cannon, the most popular candidate for council from the Fourth ward, has been a resident of that section of the city for 32 years, and during that time has taken an interest in all public matters. He has never held an office and it not a politician, but has been a close student of municipal affairs. He is, therefore, amply fitted for the position of councilman.

There is one reason, and it is the best that could be given why the tax payers of the Fourth and the citizens of the ward should place their welfare in the hands of Thomas Cannon. He is the heaviest taxpayer of the five candidates, and cannot do other than work to the best interest of the property owners. He is in a position to better appreciate the needs of the taxpayer than any other aspirant in the race, and his reputation for honesty and strict reliability is of the best.

The responsibilities of the city council under the new code will be greatly increased this year, and the voters of the municipality can afford to make no mistakes in the selection of the men who are to represent them. Thomas Cannon has been a careful man in controlling his own personal affairs, and he will be a safe man for the property owners of the Fourth ward to elect.

(Communicated)

FOR MAYOR

Thos. V. Thompson, our present City Marshal, is strictly an East Liverpool man; was born and raised in this city, and is well known to almost every man, woman and child, to those who have lived here for years, as well as those who within the past few years have become citizens, and in asking their influence and votes for the mayoralty, he only voices the sentiment of those who know him to be qualified for the position which he seeks, and upon his assurance, if elected to office, he will discharge his duties conscientiously, legally and satisfactorily. His experience certainly fits him for the office, and if elected he will endeavor to prove to his many friends that their confidence shall not be betrayed.

Cast your ballot for T. V. Thompson for Mayor. Pledged to do his official duty by and for the people. 43-h

AN IMPORTANT REASON

Why You Should Vote for George Olhausen.

Attorney General Sheets has rendered an opinion, that, under the new code, the control of municipal water plants will pass to the board of public service.

This board will have full management of all water works, collect all water rents and hire all employees, and for that reason you should vote for George Olhausen.

**BELMONT CLUB BALL
A BRILLIANT AFFAIR**

A Large Attendance And an Evening of Enjoyment at Rock Springs Pavilion.

The Rock Springs dancing pavilion last evening presented a beautifully brilliant appearance, when over 200 guests were entertained by the Belmont club. These dances, which are given at intervals by the club, are always among the brilliant social functions of the city.

For several months the spacious pavilion has been silent and deserted, but the excellent music rendered by McGrath's orchestra and the large number of gayly dressed young men and women gave an animated aspect to the place again.

Special cars made a trip to Chester and conveyed the guests to the city after spending a memorable and delightful evening.

POPULAR CANDIDATE

Thomas Cannon, Old Resident And Heavy Taxpayer, Should Represent Fourth Ward in Council.

Thomas Cannon, the most popular candidate for council from the Fourth ward, has been a resident of that section of the city for 32 years, and during that time has taken an interest in all public matters. He has never held an office and it not a politician, but has been a close student of municipal affairs. He is, therefore, amply fitted for the position of councilman.

There is one reason, and it is the best that could be given why the tax payers of the Fourth and the citizens of the ward should place their welfare in the hands of Thomas Cannon. He is the heaviest taxpayer of the five candidates, and cannot do other than work to the best interest of the property owners. He is in a position to better appreciate the needs of the taxpayer than any other aspirant in the race, and his reputation for honesty and strict reliability is of the best.

The responsibilities of the city council under the new code will be greatly increased this year, and the voters of the municipality can afford to make no mistakes in the selection of the men who are to represent them. Thomas Cannon has been a careful man in controlling his own personal affairs, and he will be a safe man for the property owners of the Fourth ward to elect.

20TH YEAR. NO. 43.

EAST LIVERPOOL, O., FRIDAY, FEBRUARY 20, 1903.

TWO CENTS.

NOBODY IS ABLE TO PREDICT WITH A DEGREE OF CERTAINTY WHO WILL BE THE LUCKY MAN

The Mayoralty Fight So Close and Interesting
As to Keep Everybody in the
City Guessing.

The field work of the many candidates for places on the Republican municipal ticket will end tonight and there will be a few hours of calm before the storm of ballots begins on the morrow. The flurry and excitement that usually marks the close of a spirited political contest did not develop, although things were lively enough around the public places last night and will be more so tonight. For several days the candidates have been "back tracking;" that is, interviewing again the voters whom they saw early in the campaign.

The contest has been remarkable in many ways and will go down in local political history as one of the quietest ever known when the large number of aspirants and their thorough canvasses are taken into consideration. It is remarkable, too, for the uncertainty of the result. Usually at this stage of a contest there are men who can feel the pulse of the people and make a pretty accurate prediction as to who the winners will be, but in this case the best posted men in the city are nonplussed.

To the great mass of the voters the interest is centered entirely on the mayoralty fight, and the friends of

the four candidates are all confident of success. The candidates have found the political road rough and rocky and they will be glad, whatever the result when Sunday morning comes. It can be truthfully said of them that they have campaigned as true gentlemen should and the result is seen in the friendly spirit that exists among them. They have kept above personalities and not a single instance is known where a candidate attempted to influence a voter by dredging the character of another.

There is nothing tangible by which anything like a safe prediction can be made. From the statements of their leaders there are seemingly good reasons for claiming the victory, but "the best laid plans of mice and men gang aft aglee." The contest is sufficiently spirited to warrant a full vote and the candidates have arranged for carriages for the halt and lame. If the snow holds sleighs will be used. Precautions will be taken by the candidates and the central committee to prevent illegal voting and repeating.

No predictions as to councilmanic tickets or the probable winners in the other races can be made with any degree of certainty.

SCORE OF PERSONS BURNED TO DEATH

And a Large Number Badly Injured in a Hotel Fire in Iowa.

WILD LEAPS FROM BUILDING

Made By Many People Who Were Dashed to Death in the Street. Others Fall Back Into Seething Flame—Scene of Horror.

Cedar Rapids, Ia., February 20.—(Special)—As the result of an awful fire, which completely destroyed the Clifton house at an early hour this morning, a score of people were burned to death and more than 30 were terribly injured.

The blaze originated about 2 a.m. in the basement of the hotel, presumably from electric wires, and spread with such rapidity that dozens were forced to leap from the third story. Few of those who made the daring leap escaped horrible death by being mangled on the stone pavement.

There were 120 guests in the building when the fire broke out and pandemonium reigned. Women screamed, tore their hair and men bravely attempted escape in various ways. The night was made hideous by the appeals for assistance. Never in the history of the city was such a scene presented. Among those who suffered death were a number in the second and third stories, who ran to the windows and while in plain view of the hundreds below turned and fell backward into the burning debris. The anxious spectators moaned as they witnessed the awful sight.

It is almost impossible at the present time to gain the names of those who succumbed to the terrible flames, the hotel register having been destroyed. However, the most of them are supposed to have been of the state Y. M. C. A. delegates and the local Knights of Pythias, who had been holding a meeting in the hotel parlors.

HIS Happiest Day

The Pope Completes the Functions of the Jubilee Without Fatigue.

Rome, Feb. 29.—(Special)—Pope Leo completed the functions of his jubilee without fatigue, remarking: "Really, it was the happiest day of my life."

VETERAN TEAMSTER BADLY SCARED

HORSES RAN AWAY ON STEEP
HILL ON LISBON ROAD.

Only Collision With a Tree Averted a Calamity—Schaefer's Thrilling Ride.

Becoming frightened at an unusual sound issuing from the side of the hill, a team of horses driven by Clyde Schaefer, of Third street, ran away on Lisbon road last evening, and besides wrecking the wagon to which they were attached, came dangerously near causing the death of their driver and themselves.

Schaefer came to this city about three weeks ago from Meigs county. He has followed the life of a teamster for many years. He stated this morning that during his entire experience he was never so badly scared. He had driven the horses to the summit of the hill and was descending when the exciting incident occurred. The animals, though not fractious, were thrown into a state of terror when a limb, rotten by exposure, fell to the ground. Like a flash the horses started down the rather steep incline. Schaefer soon realized that his life was in peril. For more than two blocks the frightened steeds dashed, colliding with a big tree on the side of the road near the brink overhanging Jethro hollow was all that saved Schaefer and his horses horrible injury. The forepart of the wagon was smashed into many pieces. By jumping the driver escaped being struck by the heavy tongue, which snapped like a frail piece of pine. The horses were thrown into a trench, and much difficulty was confronted in freeing them. However, the task was finally effected and a passing teamster agreeing to help the unfortunate driver, the wreckage was removed to the city.

When the full realization of what might have been his fate had the horses not been stopped at the critical time dawned upon Schaefer, he could only credit the marvelous escape to the interference of Providence.

Concerning the Ophir Creek Gold Mining company of Lisbon, which has

been incorporated with a capital stock of \$500,000, it is stated that the incorporators are J. S. McNutt, George B. Harvey, C. E. Hamilton, U. V. Gaskill, W. H. Hepburn and Lodge Riddle.

This company is organized to raise stocks to buy a gold claim at Nome, Alaska, on which U. V. Gaskill, who was up there last summer, has an option. The claim Mr. Gaskill says is a fine one and he has on exhibit several fine specimens which he brought from there. The incorporators think that they will have no trouble in raising the money to buy the claim which they are assured is a good one.

SETTLEMENT EFFECTED WITH THE JIGGERMAN

Men Get an Increase on Embossed Work And All Return to Work.

A settlement of the dispute between the Jiggermen and the manufacturers over the prices for embossed work was effected last night by an arbitration board which met for the purpose in the rooms of the Potters' club. The men get an increase of one-fourth cent per dozen on plates of all sizes and an increase of one-eighth cent on saucers and fruits.

The men who were called out pending the settlement of the dispute returned to work this morning.

The following gentlemen composed the board at the meeting last evening: Manufacturers—George Murphy, Joshua Poole, J. R. Warner. Operators—George Smith, E. N. Croxall and Charles Och.

Change in Ownership.

A change in the ownership of the Imperial alleys has taken place by which C. B. Craig became the sole owner, he purchasing the share of his partner, C. C. Carnahan. The alleys will continue to be known as the "Imperial," and Mr. Craig will as heretofore devote his personal attention to the business.

Suffering From Blood Poison.

Lisbon, February 20.—(Special)—Dr. H. C. Gooding, of Leetonia, is literally filled with blood-poisoning and his recovery is almost despaired of. He contracted the disease while making a post mortem examination, the trouble starting in one of his thumbs where the skin had been slightly broken. Dr. Martin, of Lisbon, has been called to see him twice.

THE ISSUE STILL HANGING FIRE

Trenton Potters, Weary of Being Docked For Dunted Ware.

Talk of Striking.

A MEETING NEXT TUESDAY

At Which the Pressers Will Probably Take Some Definite Action—Trenton Potters Company Does Away With the Grievance.

From a Staff Correspondent.

Trenton, N. J., Feb. 20.—If the arbitration committee does not soon get together and fix the responsibility for "dunted" ware in the sanitary potteries, which has been hanging fire for several weeks, the Keystone pottery will have to suspend operations.

The Keystone employees have served notice on the owners that they do not propose to stand for "dunts" any longer, unless they are given some guarantee for their work.

It is expected that this matter will be thoroughly sifted at a meeting of the Sanitary Pressers' Local No. 45, next Tuesday night. Some of the more radical members whose losses have been heaviest are for declaring a strike, independent of the local.

Every day quantities of defective ware are sent to the slip house at the men's expense and according to one of the employees yesterday, at the end of this week there will not be a man in the plant who will receive more than \$10 for this week's work.

Excessive heat is the reason assigned by the men for the "dunts" in the ware which the owners claim they are powerless to remedy.

In the other potteries, especially those controlled by the Trenton Potteries company, where similar conditions existed, no further complaints are heard. As soon as the matter was brought to the attention of the manufacturers, word was sent, ordering that great care be taken in preserving the ware, with the result that no further "dunts" occurred.

The dunted ware question has reached such a height that changes are contemplated in the management of the Keystone pottery, in hope of providing a remedy.

According to rumor Manager John D'Arcy, who, it is claimed, has never had any experience in conducting a pottery before coming to the Keystone, is to be replaced by Patrick Mohan, manager of the Standard Pottery company of Elizabeth. Mohan resigned his position a few weeks ago because if some objection to his management and his place at the plant has been taken by Owen Headley, a former resident of this city.

The chances for an early settlement of the "dunted" ware problem is not very bright. The committee from the local is ready at any time to present grievances but the three members of the committee representing the manufacturers are out of the city. John A. Campbell, general manager of the Trenton Potteries company, is away on a business trip, and John and Archibald Maddock are in the west in the interests of their respective concerns.

In spite of the fact that every precaution was taken by the physician and the nurses to prevent other members of the household of Rev. J. W. Gorrell from taking scarlet fever, from which his 16-year-old daughter Mary has been suffering, two more of his children have contracted the disease. They are Lucile, aged 11, and Helen, aged 1 months.

Mr. Gorrell is also quite ill with catarrhal fever. Rev. Mr. Gorrell is placed in a most trying position, as the strictures of the quarantine prevent him visiting his home. Provisionally the illness of none of his loved ones is of a nature to cause great alarm. Reports from the house this morning were that all are improving.

Could Not Identify.

Three men called at the Miller undertaking establishment a few nights ago and made inquiries concerning the appearance of the man found dead on the railroad track about two weeks ago. The men made every effort to keep their presence in the city a secret and refused to give their names. It is thought that a brother of one of them is missing. The railroad victim, however, did not answer the description.

Licensed to Marry.

Lisbon, February 20.—(Special)—Marriage Licenses have been granted to Andrew Dunlap, of Empire, and Miss Anna Peterson, of Wellsville. Dallas Keller, Lisbon, and Miss Charity Hoke, Leetonia; Edward Klotz and Miss Kittle Dansiger, both of Columbiana.

REVIVAL SERVICES FULL OF INTEREST

SPECIAL MEETINGS ARE ATTRACTING GREAT ATTENTION.

Rev. Leslie Hawk at the U. P., the M. E. and Christian Church Revivals.

The evangelistic services at the First U. P. church are progressing in such a way as to greatly encourage the congregation. Last evening Rev. Leslie Hawk sought to lead his hearers directly to the vision of Calvary. His subject was "The Cross of Christ." He said:

"Jesus had glorified the cross so that from being the symbol of shame and pain and death it now becomes the symbol of life, light and liberty. The cross is the central figure of history; the central idea of the bible, the center pole of civilization, the attraction of the world, the expression of God's love for sinners; the good of the man of Galilee; our hope for time and eternity."

The subject for his sermon tonight is "The Golden God." Special music has been arranged for this evening and all our cordially invited. Tomorrow at 2 p.m. the evangelist will conduct a bible study on "The Outline of the Life of Christ" and hold a meeting for prayer and conference. Rev. D. W. McQuiston, of the East End, and his friend, Rev. Mr. McCracken, of Monmouth, Ill., took part in the services last night.

The interest in the revival at the First Methodist church continues unabated. Last night was given over principally to a song and praise service, conducted by Rev. J. A. Jennings, the assistant pastor, in the absence of Rev. Dr. Pratt. The latter returned today from Titusville and will be present at the service tonight.

The meetings at the First Christian church have been reaping a rich harvest of souls and untold good is resulting to the members of the congregation. Rev. Mr. Gorrell preached last evening and Prof. Davis conducted the music. The latter's stop in the city will terminate early next week and he will leave for Portland, Oregon, to join Rev. Allen Wilson, a noted evangelist.

The revival services at the Christian church will be especially interesting tonight. Rev. Mr. Gorrell will preach one of his best sermons and Prof. Davis will sing "I Heard the Voice of Jesus Say," by Rathbun, and the "Lost Ship." The services begin at 7:30 p.m.

HANNA WILL COME TO THE CENTENNIAL

The Senator Has No intention of Missing the Lisbon Celebration.

Lisbon, February 20.—(Special)—

Senator Hanna has signified his intention of being present at the centennial celebration to be held here next June. When Congressman Taylor extended him the invitation he replied: "Of course I will be there, and it will be a pleasure to celebrate such an occasion in my old home town."

A SMALL BLAZE

In a Hotel Room, Discovered in Time to Prevent Serious Damage.

There was a small blaze in one of the rooms of the Thompson house last night which was only prevented from assuming disastrous proportions by its timely discovery. The occupant of the room had gone out, leaving the gas stove burning. There was a break in the pipe and the blaze ignited the carpet.

Returning in a few moments he found the room filled with smoke and the carpet burning briskly. Water from a pitcher sufficed to extinguish the flames.

A RING IN HER EAR

Child's Peculiar Mishap While at Play Causes Serious Injury.

Lizzie, the five year old daughter of Mr. and Mrs. William Earp, of the Northside, met with a painful and very peculiar mishap last evening. The opal setting of a ring which she was holding in her hand dropped into the cavity of the ear.

The efforts of the members of the family to extract only served to send it deeper and Dr. Trimmer who was called found it necessary to administer an anesthetic while removing the setting. It is thought that the ear drum is ruined.

To Be Taken to Massillon.

Lisbon, February 20.—(Special)—

A permit has been received for the admission of Mrs. Louisa Jane Street, of East Palestine, to the asylum at Massillon and she will probably be taken tomorrow.

VICTIMS OF DRINK AND COLD CAME VERY NEAR PERISHING FROM EXPOSURE IN STORM

Cases in Which Police Aid Saved Helpless and Stupefied Men From Freezing to Death.

Fletcher the officers were called to the K. T. & K. pottery, where they found Tim Strain, one of the most noted characters of the city, in practically the same condition. He had been on a spree and after wandering over the city to find warmth by fire or whisky, staggered into the office of the pottery, such a man is not desirable around a business place and the police were called. He was also taken to the jail and restoratives were applied.

Both men were given a hearing this morning on a charge of drunkenness, and failing to pay a fine of \$5.60, each was committed to jail to rest it out.

Another case very similar which occurred Wednesday night was reported this morning. An aged man of Dennis, O., who has relatives in the city, arrived Monday to make them a visit and while out taking in the sights took several drinks too many, and being a stranger was soon muddled as to where he was wandering. After several hours trying to locate himself he became tired of roaming and lay down on the steps of a Mr. Sherwood on Ambrose avenue. Mrs. Sherwood, happening to go to the front door, was terrified at seeing the form of a man prostrate in the front of her home and quickly gave the alarm. Officers were summoned and he was taken, more dead than alive, to his relatives.

The pile of snow into which he had fallen was several feet high and had obscured him from sight. Strenuous shaking had no effect on the stupefied man. He was motionless and absolutely helpless. A passing lumber wagon was hauled and on it was hauled to the jail. There stimulants were applied and after a short time the blood in his veins began to flow and he regained consciousness.

Not long after their experience with

GRAHAM WAS HELD FOR POINTING FIRE ARMS

Young Man Arrested While Defending a Girl Is Held for Court.

At the conclusion of the preliminary hearing of William Graham, charged with pointing fire arms at James Godwin on last Monday night, Squire McCarron last evening bound the defendant over to common pleas court in the sum of \$100. The amount was furnished and he was released.

Testimony rendered at the hearing substantiated in every detail the story of the affair as published by the News Review. Graham and a young daughter of John Godwin were walking up Fifth street at about 11 o'clock in the evening when the father of the girl protested against her being out at that hour and wanted her to go home with him. When in a heated argument James Godwin, a brother of the girl, appeared on the scene and was going to take her home by force, Graham stepped forth and def

WITH THE WORKMEN IN THE CLAY PLANTS

MR. YOUNG RESIGNS.

S. L. Young, who has been the manager of the decorating department at the Thompson for a year or more, has resigned his position and J. L. Dudley, manager of the West End decorating department, has been selected as his successor. Mr. Dudley has assumed his new duties and Mr. Young is staying at the plant a few days to show him the ropes. Mr. Young has several offers under advisement, but at this time he can give out nothing as to his future. During his regime at the Thompson he has been very popular with the operatives, who will regret to lose him. He has also enjoyed the fullest confidence and esteem of his firm. Mr. Dudley is rated as one of the best managers in the city, and will be a worthy successor to Mr. Young. His place has not yet been filled at the West End.

THE PRINTING MACHINE.

"This printing machine you hear so much about is not a great invention," said the manager of a decorating room to a News Review reporter yesterday. "There is nothing new about it and it is nothing more than an adaption from an old English calico printing machine invented a century ago. It is extremely bunglesome and not nearly complete. It has been a success after a manner and the printing machine has come to stay, but not the present one. You will notice that prints for high grade work are made by hand, and they will be until such a time as the machine is improved and perfected.

Local people are now working out a printing machine with the idea of eradicating its bunglesomeness and imperfections."

NO DECISION YET.

Nothing has been heard as yet by the local business men from the Gallipolis board of trade as to the pottery project for that city. Their representative, C. J. McCormick, who visited this city, made a very favorable report and definite action is expected within the next two weeks. There are several other towns that since the project has been given publicity have asked to be considered, but the promoters will not treat with them until a decision is reached at Gallipolis. The Gallipolis colony here is very anxious to see the city get the plant, as it would give them the opportunity

of returning to their homes to spend the remainder of their days.

PECULIAR APPEARANCE.

The William Brunt pottery presents a very peculiar appearance where the south wall of the building, which was damaged in the recent fire, has been torn away. A temporary wall of boards has been erected to serve as a protection from the elements until the new wall can be constructed. The brick for the new wall is being received at the plant, but all work on its erection has been suspended during the extreme cold weather. The temporary wall did not keep out all the cold and it was necessary to place several additional stoves in the decorating room.

DECORATORS' DANCE TONIGHT.

The dance to be given this evening by Decorators' Local No. 19, promises to be thoroughly enjoyable and there will be a large attendance. The festivities will last from 8 until 12 o'clock and special cars have been arranged for at the latter hour. There will be a prize waltz and Master Harold Parry will introduce several clog dances.

BUSY AT LISBON.

A. G. Mason, of the Thomas China company, Lisbon, was a business visitor to this city several days this week returning to his home last evening. He reports that his plant is enjoying an excellent run of business and have enough orders to insure operation for several months. They are making seven glost kilns a day.

MISS CONNORS HURT.

Miss Mary Connors, of the decorating department at the Thompson, met with a very painful injury while leaving the plant at the noon hour yesterday. In some way she fell and fainted from the pain from her injuries. She revived sufficiently to reach her home in Chester.

BROWNE IS ILL.

W. C. Browne, the well known pottery salesman, is ill at his home on Third street. He was obliged to abandon a regular trip, being seized with a severe attack of rheumatism while at Detroit. After spending some time at Mt. Clemens without benefit he returned home yesterday.

COAL THIEVES.

Arthur Beech, one of the dippers at the William Brunt, who lives on Greasy street, has been the victim of coal thieves the past few nights, they succeeding in getting away with about 10 bushels of the precious fuel. He has a clue to their identity.

ANOTHER KILN.

The outside work on the new kiln at the West End is completed, but the cold weather has been a great detriment to the work on the other improvements. The work will be resumed as soon as the weather conditions are more favorable.

B. C. ANSLEY SUCCESSFUL

Induced Dr. Howard Company to Make Special Price.

After a great deal of effort and correspondence, B. C. Ansley, the popular druggist, has succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular price of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all other liver troubles, that B. C. Ansley is willing to return the price paid in every case where it does not give relief.

The old-fashioned way of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific, that B. C. Ansley has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half-price offer, with his personal guarantee to refund the money if it does not cure.

(Communicated.)

W. B. THOMAS

The Man Who Knows the City's Business and Can Represent the First Ward.

When the men of East Liverpool prophesy concerning the next city council, it matters not what combination they chance to be, they invariably place W. B. Thomas as one of the members. They seem to take it as a matter of course that he will be nominated at the primary election on Saturday for a number of reasons. First and foremost is his ability while a member of council, his strength in debate, his ability to look after his constituents and his strong adherence to the principles which he represents.

It would be difficult, indeed, to enumerate the qualities which make Mr. Thomas an acceptable candidate to the people of the new First ward, much of which was the old Fifth. Suffice it to say that he is a working man in council. He does not belong to the drones. His business is to work with all the power at his command to serve the men who gave him honor and position. If a measure is introduced that's for the good of his people Mr. Thomas is found first on the firing line ready to repel any assault against it and prepared to dash forward if that movement will help its chances. Personality and selfishness, greed and gain have never been charged against Mr. Thomas. His position in life is such as to command the respect of all who know him, and the admiration of those who are acquainted with the steady, honest manner in which he has worked his way to the front. Few men of equal standing have done more in the battle of life than Mr. Thomas. Singly handed and alone he has met and conquered trials as they came, in many fashion he has worked to win.

Possessed of intelligence and energy he still goes on in the race. Doing what his hands find to do and doing it well. As one man said: "Doc Thomas is an ideal councilman. He is always to be found on the right side."

So say all who have followed the career of Mr. Thomas in council. It is not necessary to specify what he has done. It is enough to say he does his whole duty and he stands today an official whose record is without a blemish, whose name is not touched by the tongue of slander, a man among men who knows the duties of his office and is not afraid to carry them out. The people of the First ward will make the mistake of their lives if they fail to nominate W. B. Thomas.

[Communicated.]
JACOB SHENKEL

CANDIDATE FOR BOARD OF PUBLIC SERVICE IS POPULAR.

How Jake Does Business—is a Veteran of the Civil War And Has a Clean Record.

"Jake" needs no introductions to the people of East Liverpool. He is known everywhere as "Jake," jolly and pleasant, and that is the way he likes to do business. There are no frills or starry linen about his every day habits—he is just one of those plain, every day good fellows whom everybody likes to meet. He has lived in this town for fifty years, except while doing business with the "Johnnies" from '61 to '65 at Bull Run, Antietam, Fredericksburg, Gettysburg and other hot places down in old rebel land. He was a member of the 3d Pa. Volunteers, and saw some of what was going on among the fellows behind the guns.

He came to East Liverpool when he was eight years old, and commenced to work in the old time yellow ware potteries as soon as he was old enough to drive horse or "run moulds." For over forty years he has been a taxpayer in East Liverpool, and it is about time that every taxpayer gets his eyes open to the fact that these are the kind of fellows to put in office to spend that portion of everybody's money that one has no say about only on election day.

Jacob Shenkel is just the kind of a citizen every other citizen ought to vote for. He is thoroughly trustworthy and honest—has the ability and the time to devote to the business to be handled by the board of public service for which he is a candidate and a popular one. It is the duty of not only his personal friends, but every good citizen and fellow taxpayer to not only vote for him, but ask everybody else to do the same. The city can't get good men in office unless they are loyally supported by the voters. Let the office hunt the man best fitted by reason of experience, good judgment and general all-around ability.

His record as a water works trustee is as an open book. Vote for "Jake" for board of public service.

ABILITY AND EXPERIENCE

Henry E. Bullock Has a Good Claim for Your Vote for Councilman-At-Large.

The nomination of Henry E. Bullock for councilman-at-large on Saturday will mean the selection of a young man who is eminently fitted for the position both by ability and experience through his service on the street committee of council during the past two years. His actions in that body have always been conscientious and of such nature as entitle him to your vote in any precinct of any ward in the city at the primary Saturday.

43-h

For City Treasurer, and for Township Treasurer (second term), vote for Joseph Betz.

EAST END**NOTHING BUT POLITICS**

The Sole Topic in the East End—Many Bets Are Being Registered.

Nothing can be heard in the East End at the present time except politics. The weather is so cold that but few people venture out, but those who do seek a warm office or business room and discuss the outcome of the primary to be held tomorrow. Bets are being made every day on the probable outcome, and it is easily true that more money has been placed on the result of the primary than has been wagered before in this city for years. A number of supporters of O. D. Nice visited the East End last night and appeared very confident of the nomination of their candidate. They wanted to make bets that Nice would beat Marshall and placed a few small bets. Their money was quickly covered, and it was said this morning that they can get a thousand the same way if they care to put up the money. It seems that but few bets are being offered which are not being taken, no matter what the proposition is.

That the vote polled tomorrow will be large is very evident. More interest is being manifested than in a regular state election apparently, and every candidate will have his representatives at the polling places. Carriages will be used to bring the old and infirm voters to the polls, and no stone will be left unturned to bring out a full vote. A few bets were offered yesterday that Thompson would secure more than 150 votes in the First ward. Today there are plenty of persons trying to find the parties who made the statement. It is safe to say that \$2,000 will change hands in the East End alone on the result of the primary.

The central committee today is getting the booths in good condition, and those in the East End were repaired. In the First ward there will be two polling places. The ward consists of all the territory lying east of Ralston's crossing. The first precinct consists of the territory lying between Ralston's crossing and Martin street. Voting place, fire station. The second precinct, all of the territory east of Martin street, with the voting place at the Neville institute building.

Not Running Full.

The many potteries in the East End are not running full. In the month of February it is always expected that business will be dull and this month is no exception to the rule. The potteries are still running in nearly every department, but only with a part of the regular force. It is expected that by the first of the coming month business will pick up a little and the plants will again assume the air of hustling activity.

Special Services Sunday.

Sunday will be the last night that Rev. Van Fossen, of Allegheny, and Prof. Morton, of Pittsburgh, will be at the Second Presbyterian church. The meetings have been greatly hindered by the cold weather, but nevertheless the interest and attendance has been good. Last night an excellent sermon was preached and another interesting service is promised tonight.

Camping Club Met.

The Oriental Camping club held a meeting last night at Hopkins' club room and considered a few applications for membership. They have already made all arrangements for their outing this summer and will soon complete all details. The membership of the club is limited to 30, and they now have almost that many members.

EAST END AFFAIRS.

John M. Cole, of Canton, was a business visitor in the East End yesterday.

WHEN YOU BUY

Meridi h's Diamond Club Pure Rye whisky you get the highest grade whiskey made. That's why it's best for medicinal purposes and preferred for other uses. That's why you should try it. Send the tops to us and you will get the mug.

A FLESH FORMING FOOD**SUICIDAL MANIA****STRIKES A VILLAGE**

Self-Murderers Very Numerous in a Small Town of West Virginia.

New Martinsville, W. Va., February 20.—A suicidal mania has struck Mole Hill, a little village in Ritchie county. The name of Mrs. Hammond was added to the long list of suicides when she drowned herself in the Hughes river. She had been in failing health for some time and required the constant attendance of guards. While the attendants were called to an adjoining room she quietly raised the window and made her way to the bank of the river and jumped in.

Mi-o-na is a purely vegetable preparation that can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak, run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind, and in addition strengthens the digestive organs, aids the food to digest, and makes complete and permanent cures of the worst cases of dyspepsia.

R. F. Chaffin, of Erie street, is confined to the house with an attack of fever.

John Nicholson will give a dance at the Larkins' hall next Wednesday night.

Adam Covida has resigned his position at No. 2 to accept a position at Sebring.

Miss Helen McCain, of Ohio avenue, left this morning to spend a few weeks with relatives in Florida.

(Communicated.)

HONEST JOHN HORWELL

The Hero of Many a Battle Is for President of Council.

Honest John Horwell they call him throughout the city, and every time he holds public office the name becomes more appropriate.

Mr. Horwell is not new to the people of the city. He has held office before, and at present is a member of council. When it is said he is a member it must not be understood that he is simply a figurehead. He thinks and investigates every matter of importance with care and integrity. In fact John Horwell never does anything without first knowing what he is doing. Then he centers every effort to win out, and he is usually winner.

Mr. Horwell's candidacy for president of council is the natural outcome of his position in council. His friends know his abilities. They could think of no other man in the city better qualified to preside over the deliberations of council and who, should a tie occur, knows better how to cast the deciding vote. His name was announced and Mr. Horwell could do nothing but go to work and win, for he is possessed of that determination which makes men strong at all times and them honorable to their constituents. And also Mr. Horwell is in the race to win. Other candidates for president of council may do this or that. Not so with John Horwell. He goes on his way doing the duty that falls to his lot as a hard working man who fills a responsible position, well knowing that the people know him.

And they do. They know him to be honest and faithful in every trust. They know him to be careful and conservative in his every action. They look upon him as the one man who is not afraid to do his duty, but is always able to distinguish quickly between duty and demagogery. If the expressions heard every day count for anything, John Horwell is a winner.

Columbian County, State of Ohio, ss.
I, Louis H. Brush, publisher of the Evening News Review, swear that the above statement is true.

LOUIS H. BRUSH.
Sworn to and subscribed to in my presence this 2d of February, 1903.
J. S. HILBERT,
Notary Public.

FRIDAY, FEBRUARY 20, 1903.

Editor Potts, of the Lisbon Patriot, has a very unhappy disposition. We can admire a political opponent who is disposed to be fair, but when, for political or other ends, a newspaper man makes his column the medium for slinging the dirtiest sort of mud it is time for political friends and foes alike to register a protest. In a recent number of his paper Mr. Potts minglest with some platitudes on the interests of the taxpayers a cowardly personal attack on Elijah W. Hill, of this city. Whether the animus of the libelous and scurrilous assertions is to be found in the fact that Mr. Hill happens to be a Republican candidate for the legislature or in personal malice makes little difference. The people of East Liverpool, who know him well and whose choice he is for the office and the honor, as well as Mr. Hill himself, have a right to resent the insult. Briefly, Mr. Potts questions Mr. Hill's honesty and fitness for the place to which he aspires and doubts whether he "knows a law from a coal pick." Mr. Hill is not a practicing attorney, to be sure, but if he were he would have better sense than to attack an upright judge upon the bench and subject himself to a fine and the humiliation of an apology. There are some people who never learn anything, whether by study or by experience. There are others, who to quote a humorous philosopher, would "rather not know so much than to know so blamed much that ain't so." Mr. Hill knows enough law to keep out of the law's clutches, at all events, and he has enough hard, practical sense to be a good business man. Hundreds of persons in East Liverpool who have made him their agent in important business transactions have had no reason to complain. The extensive business which he has built up from a humble beginning shows how complete is popular confidence in his integrity and good judgment. Mr. Hill is a young man, enterprising, progressive and full of energy. He is

Bertram Rhead, the popular salesman, of Hanley, Eng., is confined to his room at the Thompson House with the grip.

Undertaker C. N. Miller, who has been at Pittsburgh the past few days attending the lectures of Profs. Carl and Thornton Barnes, of Chicago, noted experts on embalming, returned home this afternoon.

[Communicated]
CHRIS HORTON

Well Known to Thousands He Will Probably be the Next Treasurer.

"I am going to vote for Chris Horton for treasurer because I know him to be a gentleman as well as a working-man, and you can't beat that combination," said a prominent citizen this morning, and he not only told the truth, but he meant it.

Mr. Horton belongs to the army of kilnmen who are so strong a part of the Brotherhood, and holds a prominent position at the Dresden pottery. He was for 12 years connected with the Thompson pottery, and did his work in such manner as to excite the admiration of his associates and the respect of the men who knew him throughout the city. When he went to take charge of the decorative kilns at the Dresden pottery his record was equally good and his standing as high. In fact he bears the endorsement of the union kilnmen.

Mr. Horton possesses those qualifications which command the respect of all with whom he comes in contact. His dealings with everybody during his long residence in East Liverpool have been such as to bring about him a circle of friends that cannot be broken. True to every promise, faithful to every friend and willing to stretch forth the hand of charity when it is needed Mr. Horton stands out among the people of East Liverpool as one who can be trusted.

rMotron H. hamtr hrdltuoairdurdlu

Mr. Horton is a candidate for city treasurer, and as such has conducted a campaign that gives him even better standing in the community. He is honest, trustworthy and to be depended upon at all times. His personal character is beyond reproach, and he will make an official of whom the city will feel proud.

No better choice for treasurer could be made than Chris Horton. Vote for him.

WELLSVILLE

THE LEASE SIGNED

Postoffice to Occupy Part of City Building at \$700 Yearly Rental.

A meeting of the building committee of council was held last Wednesday at which time the lease was signed by the mayor and clerk for the rental of the rooms in the city building to the government for a postoffice.

The lease has been sent by the city solicitor to Assistant Superintendent E. M. Norris, of Newark, N. J., for his signature. The lease calls for the renting of the rooms for a term of 10 years at an annual rental of \$700 to be paid quarterly.

Besides the room at present occupied by the postoffice, it is to have the room occupied by the water works trustees for an office and also to have a new outfit of fixtures, including lock boxes, etc., all to be at the expense of the city. These fixtures will cost the city about \$1,500, which, with occasional repairs being made, will mean that the city will not derive much revenue from the government.

For And Against Free Delivery.

The committee appointed some time ago by the Trades & Labor Council to ascertain the sentiment of the people on the question of free mail delivery in the city made a report to the council at the meeting last evening. The members of the committee found that the people of the down town district were very much in favor of the project, while the up-town people were just as much opposed to it. The report was laid over until the next meeting when the council will adopt a resolution.

Girls Using Clubs.

The physical culture classes among the girls of the high school, under the able direction of the principal, Miss Ruby E. C. Mason, have so far advanced in the course that Indian clubs are now being used. They were purchased several days ago and were used for the first time last week. Dumb bells will be used later. The classes are doing good work and take a great interest.

Pastor's Reception.

One of the most successful receptions of the season was that given last evening at the parsonage of the First United Evangelical church on Main street by the pastor and his wife, Rev. and Mrs. W. A. Vandersall, to the members of the church and their intimate friends. The reception was from 7 to 9 and was largely attended. Mrs. Vandersall served dainty refreshments.

C. E. Social.

A social was held last evening at the home of Benson Peoples, on Nevada street, by the Christian Endeavor society of the Second Presbyterian church. An admission fee of 10 cents was charged and a neat sum was cleared. A large crowd attended. Music and games were enjoyed and refreshments served.

WELLSVILLE SHORT STORIES

Mrs. John Roller, of Thirteenth street, is ill.

M. B. Madden, a missionary from Japan, entertained a large audience at the Christian church last evening by giving a lecture on missionary work. Costumes and curios from Japan, which aided in illustrating the lecture.

ON THURSDAY NEXT

The Hearing on Application for a Street Railway Franchise

Will Be Held.

The petition of C. A. Smith and others before the county court for a franchise granting them the privilege to construct and operate an electric road between Congo and Chester was up for hearing Monday and the petitioners were represented by Messrs. Donehue and Ingram. Attorney Hart, representing J. B. Newell, asked that his client be made a party to the petition for the franchise and this was granted by the court. The case was then continued until Thursday, February 26, when it will be discussed and acted upon.

It is possible that the members of the court will go over the proposed route for the road Saturday, after they have investigated the First street bridge at Chester.

PACKAGE OF JEWELRY

Found Among Provisions Which a Chester Mill Worker Purchased in East Liverpool.

A Chester mill worker had a peculiar experience last night. He went to East Liverpool after some provisions and took a basket with him to bring them home with. He remained in town a little longer than he expected and visited several different places. When he returned and gave the basket to his wife she found wrapped in a piece of paper several valuable rings.

Her husband was greatly alarmed, fearing that he might be accused of stealing them. He had no idea of how they were put in the basket or who could have placed them there. He reported the matter at once and the rightful owner of the rings will have no trouble in securing them.

New Cumberland Politics.

Considerable interest is being manifested in the municipal election in New Cumberland, to be held March 9. It is probable that as in former years there will be no fight between political parties, but a citizens' ticket will be chosen. This has already been nominated and the general sentiment seems to be that no opposition will develop.

It is not often in a local fight at New Cumberland that the party lines are drawn, and this election does not appear to be different from preceding ones.

Carr Not Heard From.

A rumor has been circulated that Charles Carr, the man wanted at Congo for cutting Lee Kid had been located in Bellaire. It was also rumored that E. S. Good had gone after the man, with the necessary papers. Inquiry at the office of Justice Johnston revealed the fact that nothing was known by the officials of his alleged presence in Bellaire, and it could not be ascertained that Good had gone after him.

County Court Re-Organized.

The new member of the county court took his seat Monday. The new member is Elson Stewart. The body organized by electing E. W. Hewitt as president for the coming year. Considerable business was brought up at this session and a large number of bills were ordered paid.

Baptists Will Organize.

The Baptists held another meeting last night in Chester and decided to meet hereafter in Bloom's hall as soon as it is completed. They will meet on Sunday afternoon and effect an organization. The Thursday night prayer meetings will also be continued, as well as the meetings on Sundays.

New Christian Church.

One week from Sunday the members of the Christian church at Chester will

SOUTH SIDE

THE FIRST STREET BRIDGE

One of the Livest Questions Likely to Come Before Council Tonight.

At the regular meeting of the Chester council tonight it is expected that the question of the bridge over the First street crossing will come up for discussion. This will be one of the important matters that will be discussed by the new council. The Panhandle Railroad company has agreed to pay one-half the cost of the construction of the new bridge, and it is urged that the county court should pay the balance.

Solicitor Ingram appeared before the court Monday and made an appeal for the council, and at that time the court agreed to meet the council Saturday morning and look over the proposed improvement. At the meeting tonight plans and details of the bridge will likely be brought up and the council decide on some course to pursue in trying to get the court to pay a part of the cost of the bridge.

Miss Rachel Grafton, of Center street, is confined to her home by grip.

Mrs. Robert Miller, of Front street, has returned from a short visit in Pittsburgh.

Charles Stark, of Short street, has recovered from a severe attack of pleurisy.

Mrs. T. L. Apple, of Front street, went to New Castle, Pa., yesterday to visit friends.

Mrs. Julius Goetz, of Front street, has returned from a visit in Pittsburgh and Allegheny.

C. R. Warner, of Cleveland, has returned to his home after visiting friends in the city.

Miss Florence Everson, of Front street, has returned to her home after visiting friends in Pittsburgh.

Mrs. James Burnett, of Rochester, Pa., has returned to her home after visiting friends in the city.

Mr. and Mrs. Thomas Mercer, of Thirteenth and Short streets, have gone to Ravenswood, W. Va.

Mr. and Mrs. Samuel Faloon, of Center street, have returned to their home after visiting friends in Salineville.

M. B. Madden, a missionary from Japan, entertained a large audience at the Christian church last evening by giving a lecture on missionary work. Costumes and curios from Japan, which aided in illustrating the lecture.

REALM OF SPORTS

FINE HORSES BURNED

Fire Destroys Six Imported Stallions at the Vandergrift Farm.

Six imported hackney stallions valued at \$32,000, and a building that cost \$8,000, went up in smoke at Vandergrift, the beautiful country estate of Joseph Vandergrift, the Pittsburgh millionaire, located on the hilltop two miles above Wellsburg.

The horses burned to death are all imported English hackney stallions, and were highly prized by Mr. Vandergrift. Their names and estimated values are as follows: Royal Oak, \$6,000; Gay Chocolate, \$6,000; Alarm, \$6,000; Rothbury, \$5,000; Palmerston, \$5,000; King Morgan, \$2,000.

The stallion barn, a modern, up-to-date structure, a short distance from the main barns and exercising ring of the estate, is worth \$8,000, thus making the loss caused by the fire up to \$40,000. Other estimates bring the loss up to \$50,000. It is partially covered by insurance. This is the second bad fire on the place.

A Jockey's Princely Pay.

The marvelous 17-year-old jockey, Arthur Redfern, who is considered by many leading turfmen the greatest rider now before the public will receive this year from William C. Whitney a retaining fee of \$15,000, besides \$25,000 more from outside owners who have second and third call on his services. Redfern rode his first race in Montana, and did not win it. His magnetism over his mounts is considered a great factor in his subsequent success.

Basket Ball Tonight.

The Homestead and Y. M. C. A. basket ball teams will measure skill at the Y. M. C. A. tonight. A strenuous game is expected. The players will be selected from the following:

Homestead—Forwards, Dixon, Adams, Shaus, Brown, Bissell; guards, Lloyd, McBeth, Murray.

Y. M. C. A.—Forwards, Allison, Bloom; center, Rigby; guards, Chadwick, Watkin; sub., Powell.

SPORTING MISCELLANY.

Catcher Bill Clarke will probably catch the Senators this season.

Delehanty, Selbach and Ryan will be the Washington outfield. A trio of veterans.

Leonhard, whom Dan McLeod defeated last week, had a rib fractured during the contest.

The St. Louis papers are urging Robison to sign Catcher Jacklitsch, released by Shettles.

Manager Shettles, of the Phillies, has signed Pitcher William Wolf, who did good work in a trial game against Pittsburgh last year. Wolf is a Philadelphian and has had considerable experience.

Joseph Betz Admirably Qualified for Position and Entitled to It.

CHARLES BERG IS THE PEOPLE'S CHOICE FOR COUNCIL FROM THE FOURTH WARD. VOTE FOR HIM.

Placed Property in Wife's Name.

Jackson, Mich., Feb. 20.—"Dr." W. W. Hale, who was arrested in this city a short time ago for forgery committed in Rochester, N. Y., and whose extradition was honored yesterday by Governor Bliss, has fled the country, forfeiting his bail bonds. After his flight had been discovered, it was found that Hale had placed considerable of his property here in his wife's name before he left.

Expensive Jug.

London, Feb. 20.—The sum of \$7,600 was paid at auction here yesterday for a small jug, of Fulham ware, strapped with silver bands. The jug which is 9½ inches high, 5 inches in diameter and of the date of 1581, was discovered in a cupboard of a church at West Malling, Kent, a few years ago. It was sold to aid in the renovation of the church.

No better testimonial as to Mr. Betz's character and ability could be put forward than the following from a former employer:

"He has been in my employ for many years, and in all that time I have always found him faithful and industrious, courteous and gentlemanly. He has handled thousands of dollars for me, and every penny has been properly accounted for, and to his honesty and integrity I hereby gladly testify."

ASK LEWIS BROS. ABOUT IT.

BADLY SHAKEN UP.

Toronto, Feb. 20.—The Montreal express on the Grand Trunk railroad, consisting of a baggage car, express, day coach, sleeper, and two Pullmans, was derailed at Whiteby Junction yesterday. All the cars left the rails and rolled down a 25-foot embankment, hurling the passengers about as they turned over. There was no ditch to cause a piling of the cars at the bottom of the bank and to this is due the marvelous escape of the passengers. No one was killed though more than 20 suffered more or less severe injuries. Several Americans were on the train going through to the west. The injured were brought to the hospital.

LIFE PLANT CURES RHEUMATISM.

Because it purifies the blood. Rheumatism is caused by the presence of an excess of Uric acid in the blood. Uric acid is caused by a peculiar fermentation product. You must remove the cause to cure Rheumatism. Drive out the Uric acid and prevent its formation. Life Plant opens up the organs of excretion, which in turn carry off the Uric acid, and thus removes the cause. It not only removes the cause, but it prevents the formation of the Uric acid, and prevents a recurrence of the disease. It renews life. Restores and Renewes the vital element in the blood and makes you strong and vigorous. Read what Dr. Trotter says:

LIFE PLANT COMPANY, MESSRS.

For the benefit of those who have rheumatism, take the liberty to inform you of my remarkable cure by the use of Life Plant. Had Rheumatism for six years. Shoulders so affected as to prevent my lying on either side. Caused me many sleepless hours at night. Lumps came in the veins of my wrists and neck, very painful to the touch. Physicians and medicines did not help me. At last induced to try Life Plant, three bottles cured me. No more lumps, no more soreness, no more pain. I am well and all right. Yours truly, George Trotter.

Dr. Trotter, 16 Canal Dover, Ohio.

Life Plant is nature's own remedy. It is a common sense remedy. It is positively guaranteed. You have never ever tried. Try it. Try it. Whole month's treatment for \$1.00.

MAGAZINE EXPLODES.

Fatal Blast in Storage Room at Fort Lafayette in New York Bay.

CAUSE OF ACCIDENT NOT KNOWN

Four Are Killed and a Number Injured, Some Mortally—Identification Difficult Owing to Distorted and Powder-Blackened Features.

New York, Feb. 20.—Three men were killed outright, one man so badly injured that he died later, two other men fatally and at least seven seriously hurt in an explosion in the workshop of the naval storage magazine at Fort Lafayette in New York bay about 2 o'clock yesterday afternoon.

The dead: George Hotham, Gustave Dozier, John Mason, Frank Mundus. Seriously injured at Fort Hamilton hospital are: James Clancy, Martin Thorgensen, W. H. Vangurp, Charles Lohmuller, Edward B. McMullen. Several were taken to their homes or to Brooklyn hospital.

All the dead and injured were workers at the fort. Accounts differ as to how the fatal blast was set off. One report is that the men were filling a 13-inch shell while another man was removing a powder charge from a shell undertaken to unwind a fuse connecting the powder chamber with the percussion cap. This caused sufficient friction to set off the cap and explode the shell.

Major Powell, chief surgeon at Fort Hamilton, was among the first to reach the scene and with fort troops removed the dead and injured from the wrecked magazine. Ambulances and surgeons also were summoned.

Thousands Have Kidney Trouble and Don't Know It.**How To Find Out.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Sons of Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name **Swamp-Root**, Dr. Kilmer's **Swamp-Root**, and the address, Binghamton, N. Y., on every bottle.

HOME AFFAIRS.

Brief Notes of a Personal Nature And
of Matters About
Town.

Bank Holiday Monday—All the
banks in the city will be closed Mon-
day, observing that day as Wash-
ington's birthday, a legal holiday.

To Entertain Tonight—Mrs. W. B.
Faulk will entertain the members of
her Sunday school class of the First
Presbyterian church, at her home on
College street this evening.

Wrist Dislocated—B. E. Allen, of
the firm of Allen & Crites, tanners, suf-
fered painful injury last evening.
He was attending to the horse used by
the firm when the animal turned its
head and caught his arm against its
stall, dislocating his wrist.

A SMALLPOX VICTIM

Miss Anna Stewart, of Fairview, W.
Va., Died Away from Home
And Friends.

The death of Miss Anna Stewart, of
Fairview, W. Va., in the Pittsburgh city
hospital, was an unusually sad case.
Miss Stewart, who is about 17 years
of age, went to the West Penn hospital
about 35 days ago to be operated
upon for a weak ankle. After success-
fully undergoing the operation, Miss
Stewart appeared to be doing well and
would soon have been able to come
home. However, she was taken ill
with smallpox and grew steadily worse
and died Wednesday night at mid-
night.

The interment was held this after-
noon at 3 o'clock and the remains laid
to rest in the Homewood cemetery.
Miss Stewart is the daughter of Mr.
and Mrs. James Stewart, of Fairview.

New President Elected.

Lisbon, February 20.—(Special)—
The board of directors of the Colum-
biania County Mutual Insurance com-
pany has elected Dr. Wm. Moore to
succeed the late Reason B. Pritchard
as president of the company.

Married Yesterday.

Lisbon, February 20.—(Special)—
Wm. Patton and Miss Amy Karchner
both of East Palestine, were married
there yesterday by Rev. A. W. Butts.

BELMONT CLUB BALL
A BRILLIANT AFFAIR

A Large Attendance And an Evening
of Enjoyment at Rock Springs
Pavilion.

The Rock Springs dancing pavilion
last evening presented a beautifully
brilliant appearance, when over 200
guests were entertained by the Bel-
mont club. These dances, which are
given at intervals by the club, are al-
ways among the brilliant social func-
tions of the city.

For several months the spacious pa-
vilion has been silent and deserted,
but the excellent music rendered by
McGraw's orchestra and the large
number of gayly dressed young men
and women gave an animated aspect to
the place again.

Special cars made a trip to Chester
and conveyed the guests to the city
after spending a memorable and de-
lightful evening.

POPULAR CANDIDATE

Thomas Cannon, Old Resident And
Heavy Taxpayer, Should Repre-
sent Fourth Ward in Council.

Thomas Cannon, the most popular
candidate for council from the Fourth
ward, has been a resident of that sec-
tion of the city for 32 years, and dur-
ing that time has taken an interest in
all public matters.

He has never held an office and it not a politician, but
has been a close student of municipal
affairs. He is, therefore, amply fitted
for the position of councilman.

There is one reason, and it is the
best that could be given why the tax
payers of the Fourth and the citizens
of the ward should place their welfare
in the hands of Thomas Cannon. He
is the heaviest taxpayer of the five
candidates, and cannot do other than
work to the best interest of the prop-
erty owners. He is in a position to bet-
ter appreciate the needs of the tax-
payer than any other aspirant in the
race, and his reputation for honesty
and strict reliability is of the best.

The responsibilities of the city coun-
cil under the new code will be greatly
increased this year, and the voters
of the municipality can afford to make
no mistakes in the selection of the
men who are to represent them. Thomas
Cannon has been a careful man in
controlling his own personal
affairs, and he will be a safe man for
the property owners of the Fourth
ward to elect.

[Communicated.]
FOR MAYOR[Communicated.]
AN IMPORTANT REASON

Why You Should Vote for George
Olnhausen.

Attorney General Sheets has render-
ed an opinion, that, under the new
code, the control of municipal water
plants will pass to the board of public
service.

This board will have full manage-
ment of all water works, collect all
water rents and hire all employees, and
for that reason you should vote for
George Olnhausen.

[Communicated.]
FOR CONSTABLE

William Copstick's Election Con-
fidently Predicted.

William Copstick, the popular can-
didate for constable, is making the
most aggressive fight of any candidate
in the contest, and his friends predict
his election by a nice majority. The
big good-natured potter is making
friends wherever he goes, and should
he be elected to the position of consta-
ble he will be one of the most popular
officials who ever held the office.
